Proceedings of the Madras Government, Revenue Department,
25th August 1868.

No. 386. Read the following letter from the Mint Master, Madras, to the Acting Secretary to Government, Revenue Department, Fort St. George, dated Madras, 20th August 1868, No. 187 :—

In acknowledging Proceedings of Government, No. 2,187, 17th instant, sanctioning the supply of a Chaff-cutter to Mr. J. Broughton, I have the honor to state that the machines made in the Mint are only capable of cutting as small as half an inch. By a remark in Mr. Broughton's indent I see he requires one to cut so small as $\frac{1}{10}$th to $\frac{1}{15}$th of an inch, and a machine must therefore be made specially for him, which will take a little time.

It has been put in hand.

No. 387. ORDER THEREON, 25th August 1868, No. 2,249.

Miscellaneous.

Communicated to Mr. Broughton, with reference to paragraph 2 of G. O., 17th instant, No. 2,187.

(True Extract.)
