Proceedings of the Madras Government, Revenue Department, 31st August 1868.

Read again letter from the Officiating Conservator of Forests, dated 30th June, No. 794, and recorded in G. O., 7th August 1868, No. 2,115.

No. 460. Read also the following further letter from the same Officer, dated Camp at Annamallays, 15th August 1868, No. 871:—

In reply to the Government Order, No. 2,115, of the 7th instant, I have the honor to inform you that the quantity of the different Gum-resins given by me as available annually is only in allusion to the South Canara forests. The ghaut forests of North Canara, Malabar, Cochin, and Travancore, (not under our Department,) could undoubtedly yield a considerable supply; Gum-kino is already, I believe, a staple article of trade, but all the others are but little known, and until they become regular articles of commerce, it would be very difficult to say how much is available annually.

No. 461. ORDER THEREON, 31st August 1868, No. 2,286.

Forests, No. 17.

1. Resolved that the foregoing letters, with the case of samples of Gum-resins and Mr. Broughton's Memorandum received with the first, be forwarded to the Secretary of State for India, together with the previous correspondence on the subject, with a request that he will cause full information to be obtained and furnished to this Government as to the market value of the gums in question, and the probable extent of demand for them.

2. Copies of the Officiating Conservator's letters and of Mr. Broughton's Memorandum referred to above will be furnished for information, with these Proceedings, to the Board of Revenue; also to the Government of India, in continuation of letter, dated 21st April 1868, No. 1,058.
