MADRAS RECORD OFFICE.

Government of Madras.

Revenue DEPARTMENT.

G.O. No.	2306	Press Mis.
23-24 Dated	1 — 9 —	1868.

Not to be folded or roughly handled

No. 23. Read the following Proceedings of the Board of Revenue, dated 12th August 1868, No. 5,872:—

Read the following letter from the Acting Collector of Nellore, to the Acting Secretary to the Board of Revenue, dated 14th July 1868, No. 2,152.

1. The claim of the Shrotriemdars of Hissavilatipad, in the Nellore Talook, on account of 2½ Gorrus* of their wet land, the irrigation of which was intercepted by the Krishnapatnam Canal, &c., was referred to by Mr. Dykes, as disposed of in paragraph 9 of his letter quoted in the Board's Proceedings, dated 30th August 1866, No. 6,187.

* A. C. 7 81.

2. The claim, however, still remains unsettled. It has not been found practicable to give a supply from the Nellore tank as proposed by Mr. Dykes, and the requisition† to the Department of Public Works to prepare an estimate for cutting a branch channel to irrigate the land in question has not yet been complied with.

† 12th Jan. 1867, No. 5.
28th Dec. ,, ,, 1,800.

3. From the Nellore Tahsildar's report,‡ it appears that the irrigation of the land in question was intercepted in Fusly 1272, and that it has been left fallow ever since. The Shrotriemdar calculates the yield at three-fourths Putty of Pishanam paddy per Gorru, (3⅛ Acres,) which would make his annual loss amount to Rupees 85, or Rupees 510 for six years, from Fuslies 1272 to 1277, both inclusive.

‡ Dated 6th Feb. 1868, No. 118.

4. The Tahsildar calculates the assessment of the land at Rupees 40, and recommends that six times this amount may be given to the Shrotriemdar with interest at six per cent. per annum. This settlement only meets the loss on account of "*Melwaram*" or landlord's share, and no provision is made on account of the loss of "*Kudiveram*" or ryot's share; but the Tahsildar states that the Shrotriemdar has agreed to the settlement made by him.

5. If the channel is provided so as to be available for cultivation this year, the Shrotriemdar will have no further claim. In the event of this not being done, the Tahsildar proposes that the Shrotriemdar should be allowed to cultivate dry crops receiving from Government Rupees 31-9-0, being the difference between the wet and dry rates on the land in question. There is nothing to prevent the Shrotriemdar cultivating dry crops. I shall instruct the Tahsildar to inform the same to the Shrotriemdar.

	Rs.	A.	P.
Wet assessment	40	0	0
Dry assessment	8	7	0
Difference	31	9	0

6. For the loss sustained from Fuslies 1272 to 1277, I beg to recommend that Rupees 240 may be given to the Shrotriemdar, with interest amounting to Rupees 36, at six per cent. per annum, calculated as shewn in the margin, supposing that the amount for each year was payable at its end.

	No. of years for which interest is calculated.
The amount payable for 1272 ...	5
Do. do. 1273 ...	4
Do. do. 1274 ...	3
Do. do. 1275 ...	2
Do. do. 1276 ...	1
Do. do. 1277 ...	0
	15

or interest on 15 × 40 = 600 Rs., for one year = 36 Rs.

7. I have again written to the Department of Public Works to provide the branch channel as early as possible, and I shall hereafter apply to the Board

Proceedings of the Madras Government, Revenue Department, 1st September 1868.

for compensation this year, should the excavation of the channel be delayed.

1. Submitted to Government, with the recommendation that they will sanction payment of Rupees 276, the compensation claimed by the Shrotriemdars of Hissavilatipad.

2. The Government will observe that the Public Works Department have allowed eighteen months to elapse without preparing an estimate for the channel, which will save Government from this yearly loss of revenue.

No. 24. ORDER THEREON, 1st September 1868, No. 2,306.

Miscellaneous.

1. Sanction is accordingly granted for Rupees (276) two hundred and seventy-six.

2. Paragraph 2 of the Board's Proceedings will receive notice in the Public Works Department.
