Proceedings of the Madras Government, Revenue Department, 5th September 1868.

No. 73. Read the following letter from the Collector of Coimbatore, to the Acting Secretary to Government, Revenue Department, Fort St. George, dated Coimbatore, 27th July 1868, No. 66:—

1. With reference to Proceedings of Madras Government No. 1,886, dated 7th July 1868, requesting to report what steps were taken by the Collector to obtain performance of Mr. Money's agreement with Government, dated 10th September 1866, regarding his stipulated supply of wood from the Deva Sholah, and how far those steps have been effectual, I have the honor to state that, in January 1867, Mr. Grant learned from the Executive Engineer, through Colonel Morgan, that the proper supply was not made. Mr. Grant addressed, demi-officially, Mr. McIvor, Agent of Mr. Money, in the same month, which doubtless had its effect, as no further complaints of deficient supply were received for a year, until January 1868, when a communication was received from Department Public Works through Colonel Morgan. Mr. Grant at once addressed Mr. McIvor, who replied that he had taken steps to prevent future complaint. A copy of his letter was duly communicated by Mr. McQuhae, Sub-Collector in charge, to the Deputy Conservator of Forests, on the 6th February 1868.

2. Major Beddome's communication to Mr. Grant, to which he states he received no reply, is one dated 24th August 1866. It referred to the previous agreement. As a new agreement was executed subsequently, viz., in September 1866, Mr. Grant recorded the letter with the following endorsement:—

"Place on record, as it is not now required, the Deva Sholah business having been settled."

3. I have directed the Special Assistant Collector at Ootacamund to keep me periodically informed as to the progress of fulfilment of Mr. Money's agreement with Government.

No. 74. ORDER THEREON, 5th September 1868, No. 2,327.

Forests, No. 2.

The Government desire to know how many bandy-loads of firewood have been supplied up to date, and whether the boundary of Mr. Money's land has been demarcated properly.

Sir

Some two years ago I had the honor to apply to you for the plan of Mr. Money's ground in the Dwie Shola in order that the boundaries might be settled. you replied that your Special Asstt. had orders to send me a Copy of the Plan of the ground. I have never received the Plan and should be obliged if you will have it forwarded to me as early as possible, as only a short time ago Mr. Money's agent was found felling in Forest ordered to be strictly Confined by Govt., and on being prosecuted brought evidence to shew that the boundary was not properly demarcated, Consequently the Case was dismissed. I request you will be good enough to order the Tahsildar to have Mr. Money's land at once demarcated, otherwise Govt. Shola will be destroyed and we shall not be able to prevent it.

To

Major R. H. Beddome,

Sir,

In reply to your letter No: 624 of the 24: Instt. I have the honor to forward the Correspondence which has lately taken place on the subject therein alluded to.

I have also to bring to the notice of
2
Govt. that in consequence of Mr. Money not having performed his Agreement Viz. to stack Contineously 5000 loads of wood in two years, we have been compelled to cut new grown woods from the Northern Slope than was at first Contemplated, Consequently if we still supply wood from that part of the Droog Shola, the Shola will be much injured, and as Captain Hankin requires some 1,500 loads of grown wood in the next six months irrespective of dry wood from Mr. Money I must fear the Shola will be sacrificed unless Mr. Money agrees to supply grown wood from part of the Shola above his present planting.

The Contract to stack 5000 loads in two
3
years was from October 1866 to October 1868, and up to date only 879 loads have been supplied and the balance has been supplied by us in grown wood as stated above.

I have the honor to be,
Sir,
