Proceedings of the Madras Government, Marine Department, 27th August 1868.

No. 52. Read the following letter from the Master Attendant in charge of the Office of Superintendent of Marine, to the Chief Secretary to Government, Fort Saint George; dated Madras, 8th August 1868, No. 2809.

I have the honor to acknowledge receipt of Proceedings of Government, No. 189, of the 3rd ultimo,* relative to the appropriation of funds for the construction of a road along the northern bank of the Cocanada river, the cost of which I have ascertained has been estimated at Rupees 7260.

* Covering Nos. 1822 and 2239 of 1867, in the Revenue Department.

2. In reply, I beg most respectfully to observe that I cannot find any evidence in the papers before me to show that the General Port Fund can be held liable for the expense of any improvements to be carried out within the Municipal limits of the town of Cocanada.

3. I have no doubt that the inhabitants of Cocanada will be much benefited by the improvements proposed, yet I beg to observe that, as now we have General Port Funds for the Eastern and Western groups, great care must be taken to restrict all expenditure to within the limits of the several ports in each group.

4. A general plan of the river has already been asked for by this Department,* and when it is received I shall be able to judge of the requirements of the port of Cocanada.

* Vide letters from the Superintendent of Marine, dated 16th August, 25th September, and 5th November 1867, and 15th May 1868.

5. I take this opportunity of soliciting that the plan of the river should not only show the positions of the proposed bridge and groynes, but also the situations of the various quays, warehouses, and landing places, on both banks of the river.

No. 53. ORDER THEREON, 27th August 1868, No. 241.

The Government agree with the Master Attendant, Madras, that roads within Municipal limits cannot, in the present condition of the Port Funds and the many pressing calls thereon, be defrayed from that source.

2. Orders will be issued in the Public Works Department for the Master Attendant being furnished, as early as practicable, with a general plan of the Cocanada river, embracing all the information required by him in paragraph 5.
