Proceedings of the Madras Government, Revenue Department,
11th September 1868.

No. 158. Read the following letter from the Superintending Engineer, 1st Division, to the Secretary to Government, Public Works Department, dated Dowlaishweram, 12th August 1868, No. 90:—

1 Plan.
1 Estimate.

1. I have the honor to submit, for sanction, a plan and estimate amounting to Rupees 220, for rebuilding the cook-room attached to the travellers' bungalow at Tuni in this district.

2. The estimate has been prepared at the request of the Collector, by whom it has been countersigned. The present building is in such a dilapidated state that it cannot be repaired. It is, therefore, found necessary to pull it down and rebuild it.

3. In the event of the proposed work being sanctioned for execution, the necessary funds can be obtained from the current year's grant* for "Minor New Works—Civil Buildings," Godavery.

* G. O., 3,950, 20th December 1867.

Transferred to the Revenue Department, the Government of India having decided that charges connected with travellers' bungalows, in excess of the annual provision of Rupees 11,230, in the Imperial Budget, should be met from Local Funds.

Secretary to Government, P.W.D.

No. 159. ORDER THEREON, 11th September 1868, No. 2,368.

Local Funds, No. 8.
Civil Works.

1. Forwarded to the Board of Revenue, who will be requested to report whether funds can be provided for the erection of the cook-room at Tuni from the Bungalow Fund.

2. With reference to the remark made in the docket of the Department Public Works, it is observed that the proposal to debit the repair and construction of public bungalows to Local Funds was abandoned in the letter from the Secretary to the Government of India, under date 2nd June 1865, No. 502, in which it is laid down that the charges for the construction and repair of public bungalows shall be met from the annual Public Works Budget until the bungalows become self-supporting, and that in a more recent letter from the Government of India, (1st June 1868, No. 401-A,) the grant of Rupees 11,230 in the Public Works Budget was continued.

3. In consequence of a remark in a letter from this Department to the Government of India, under date 15th February 1865, No. 319, it has been supposed that this annual provision of 11,230 Rupees in the Public Works Budget is sufficient for this purpose, but as it is obviously bad policy to allow valuable Government property to go to ruin for want of repairs, as would seem to have been the case in regard to the out-houses of the Tuni bungalow, the Board of Revenue will be requested to report, whether the present provision in the Public Works Budget is sufficient for the purpose intended, and if not, what provision should be made for

of the D.P.W. it is observed

the construction and repair of buildings of this class. The Board will, at the same time, be good enough to report whether any and what steps have been taken to make these bungalows self-supporting during the last three years, and with what result.

4. It has already been pointed out to the Government of India, in paragraph 4 of the letter from this Department, above adverted to, that no branch of the local resources can legitimately be spent on the bungalows except the Bungalow Fund, and that the receipts of this Fund are as yet, in spite of the strictest economy, insufficient for the payment of the cost of establishment and contingencies.

the Bungalow Fund.

With reference to the
remark made in the Docket
of the D.P.W. it is observed

~~in this Despatch~~ that, the proposal to debit the repair and construction of Public Bungalows to Local Funds was abandoned in the letter from the Secretary to the Govt. of India under date 2nd June 1865 No. 502 in which it is laid down that the "charges for the construction and repair of Public Bungalows shall be met from the annual L.W. Budget until the Bungalows become self supporting, and that in consequence of a remark in a letter from this Despatch to the Govt. of India under date 15th Feby

more recent order letter from the Govt of India (June 1865 No 401 A) the grant of Rs 11230 in the P.W. budget was continued

February 1865 No. 319 it has been supposed that this annual provision of 11,230 Rs. in the P.W. Budget is sufficient for the purpose, but as it is obviously bad policy to allow valuable Govt. property to go to ruin for want of repairs, as would seem to have been the case in regard to the outhouses of the Tumi Bungalow, the Board of Revenue will be requested to report, whether the present provision in the P.W. Budget is sufficient for the purpose intended, and if not, what provision should be made for

for the construction and repair of these buildings of the 1st class. The Board will at the same time report what steps have taken to make these Bungalows self-supporting during the last three years and with what result.

It has already been pointed out to the Government of India in para 4 of the letter from this Department above adverted to, that no branch of the local resources can legitimately be spent on the Bungalows except the Dispensary Fund, and that the receipts of this Fund
