No. 280. From the Acting Sub-Secretary to the Board of Revenue, to the Acting Secretary to Government, Revenue Department, dated Madras, 1st September 1868, No. 6,245:—

1. Agreeably to the instructions contained in a letter from the Government of India, under date the 4th June, received with Government Order, dated 2nd July 1852, No. 639, I am directed by the Board of Revenue to submit the accompanying Comparative Statement of salt sales, for Home and Inland consumption, for the past three official years, viz., 1865-66, 1866-67, and 1867-68.

	IND. MDS.	RS.
1865-66...	66,81,202	98,96,768
1866-67, eleven months.	63,10,840	103,62,372
1867-68...	66,53,956	108,75,390

2. The sales for the past three years are given in the margin, and though 1867-68 shews an apparent increase over the previous year, which consisted of only eleven months, it may be stated that there was an actual decrease of more than two lacs of Indian Maunds in the sales of 1867-68 compared with twelve-eleven of 1866-67. The largest portion of this decrease occurs under the head of inland consumption, and is accounted for by the fact that salt began to find its way into Central India by rail from Bombay, and that the demand in the Nizam's Territories was slack, the market being overstocked.

No. 6,245.

From F. BRANDT, Esq., Acting Sub-Secretary to the Board of Revenue,
To the Acting Secretary to Government, Revenue Department.

Sir,

Agreeably to the instructions contained in a letter from the Government of India, under date the 4th June, received with Government Order, dated 2nd July 1852, No. 639, I am directed by the Board of Revenue to submit the accompanying Comparative Statement of Salt sales, for Home and Inland consumption, for the past three official years, namely, 1865-66, 1866-67, and 1867-68.

2. The sales for the past three years are given in the margin, and though 1867-68 shows an apparent increase over the previous year, which consisted of only eleven months, it may be stated that there was an actual decrease of more than two lacs of Indian Maunds in the sales of 1867-68 compared with twelve-eleven ~~dos~~ of 1866-67. The largest portion of this decrease occurs under the head of Inland consumption, and is accounted for by the fact that salt began to find its way into Central India by rail from Bombay, and that the demand in the Nizam's Territories was slack, the market being overstocked.

I have the honour to be,
Sir,
Your most obedient servant,

F Brandt

Acting Sub-Secretary.
