Read the following letter from the Superintending Engineer, 1st Division, to the Secretary to Government, Public Works Department, dated Dowlaishweram, 9th July 1868, No. 58.

1. With reference to Government Order, No. 2,028, of 25th ultimo, I have the honor to report that funds cannot be spared, from the Imperial Budget allotment of the Division, for the completion of the communications in the Rumpah country.

2. In the Local Fund Budget Rupees 4,000 is assigned for expenditure on the road for which the Collector asks for funds, and from it the Rupees 2,660 can be taken.

Referred to the Revenue Department, with reference to the Order of Government in this department, dated 25th June 1868, No. 2,028, and with a view to the proposal for the transfer of funds recommended in paragraph 2 being considered, no Imperial Funds being available.

Referred to the Board of Revenue for report.

Acting Secretary to Government.

To the Board of Revenue.

1. Under the circumstances stated by the Superintending Engineer, the Board see no objection to the sum of Rupees 2,660 being granted as a loan from the allotment of Rupees 4,000 made in the current year's District Road Budget, for the road from Gokveram to Rumpah, Item No. 30, Godavery District, subject to its refund at the close of the year from Imperial Funds.

2. The Board observe that the abovementioned road should not have appeared in the District Road Fund Budget, as the work is an Imperial one, no Road Cess being leviable in the Rumpah country, and resolve therefore that the difference between Rupees 4,000 and 2,660, viz., Rupees 1,340, be transferred to the head "Reserve."

*Proceedings of the Madras Government, Public Works Department,
25th June 1868.*

No. 620. Read the following Proceedings of the Board of Revenue, dated 8th June 1868, No. 4,235 :—

Read the following letter from the Acting Sub-Collector in charge of the Godavery District, to the Acting Secretary to the Board of Revenue, dated Cocanada, 2nd May 1868, No. 105.

In the orders of Government, indicated in the margin, an allotment of Rs. 4,000 was sanctioned for 1867-68, for improving the communications in the Rumpah country, and Rs. 1,816-15-11 only were spent in that year. The total expenditure up to the end of the past official year, out of the original sanctioned estimate of Rupees 15,400, is Rs. 12,740-0-2, as shown in the margin, leaving a balance of Rupees 2,659-15-10. The Head Assistant Collector now proposes to spend this balance in the present hot season, as nothing can be done from the beginning of the rains till the end of January. I have, therefore, the honor to request that you will be good enough to obtain sanction of Government for the above balance of Rupees 2,659-15-10 to be expended during the current year.

Submitted to Government, Department Public Works, with a request that the balance of Rupees 2,659-15-10 may be authorized from the Public Works grant, for the completion of the communications in the Rumpah country.

No. 621. ORDER THEREON, 25th June 1868, No. 2,028.

ACCOUNTS, No. 40.

Rupees 477 which was stated to be required during the current year for the roads in the Rumpah country in the Godavery District, the Government, in their Proceedings of the 6th May 1868, No. 1,415, granted authority for the completion of the work, and for the adjustment of the outlay in the manner indicated in paragraph 90, Section II. of the Manual of Public Works Accounts.

2. It appears, however, from the paper above recorded that the actual outlay upon the roads during the past official year was Rupees 1,817 out of an allotment of Rupees 4,000, and that the expenditure up to 1866-67 having been Rupees 10,923, a sum of Rupees 2,660 is required during the current year to complete the work.

3. As the Government have no money at their disposal to appropriate to the roads in question, the Superintending Engineer will place the required funds at the Collector's disposal and adjust the charge later in the year from savings.
