Proceedings of the Madras Government, Revenue Department, 2nd October 1868.

No. 41. Read the following Proceedings of the Board of Revenue, dated 21st September 1868, No. 6,703 :—

Read the following letter from the Collector of Tinnevelly, to the Acting Secretary to the Board of Revenue, dated 17th August 1868, No. 352.

In reply to the Proceedings, No. 5,791, dated 10th instant, I have the honor to inform you that the Pinus Maritima seed was sown both at Tuticorin and Courtallum. It germinated and attained a height of some inches when it gradually died off, apparently killed by the climate. Some seed sown on the Asambu hills germinated and grew strongly, but the plants were not put out, the object of the Coffee planters being to destroy and not propagate timber trees.

Submitted for the information of Government, with reference to Government Order, dated 11th February 1867, No. 350, and 18th July 1868, No. 1,987.

No. 42. ORDER THEREON, 2nd October 1868, No. 2,536.
