Papers put up.

I must express my regret that in the hurry of circulating the draft order overleaf I omitted to put up a memo of the nature indicated by Mr Cuthbert. I circulated the order because I was informed that on a former occasion the same proposal was followed, and because after the numerous orders which have been issued directing Collectors to apply at once direct to Mr Thacker when cases demanding his attention arise, it seemed a pity suddenly to discontinue his correspondence which could easily be carried on at Bangalore. I believe the Board of Revenue are satisfied with the means

Cholera of double special virulence & 60 cases have been put to constant work in addition to ordinary work within post office hours so far as I can learn every possible correspondency attended to.

Cholera attended Mr Thackers efforts to check disease and I learn from Mr Thompson that a report from him is now under consideration. The results of the experiment are necessarily slow in coming, but I believe they are results. Govt. expressed their satisfaction with Mr Thackers progress when sanctioning his last estimate, also put up. HDR.

The special duty on Mr. Macher was employed after returning off duty, when on his civil special duty I was an affair of 3, or perhaps, 4 days. He is now taking the place of a sick Volly-dumper who will probably have to be sent on S. Certificate. He is in hospital Matheran at present being invalided at Bangalore, he might have been ordered to proceed to Bombay or Kamptee on recommendation. In either case

correspondence with our Mess. must have ceased. He must be continued, instead of allowing them to revert to their state-existence before the special call for suspension for our explosives was made, Mr. Veby Wallace, was made, Mr. Veby Surgeon Pritchard might, as on his spot here, be ordered to keep up the correspondence with Lieutenant Lethbridge rather inefficiently on the whole however it was as well to let it drop as well as other work Mr. Macher could be employed at Bangalore and have his accounts &c. &c. &c. &c. &c. &c. &c.

I have proposed the change. I am not aware that a similar case has ever occurred before, but I propose that the Lieutenant on a Provisional Commission [illegible] that as he might be discharged with the Khandesh Field Force, on the Reserve being broken up, he could be employed as Engineer at Bangalore, as there would be nothing to [illegible] that the proposal should be agreed to, and that he should be appointed to the Public Works Department. In any other case would be discharged with the Commission conferred on him on the 12th [illegible] 1867. That he may be appointed was upon the Board of Revenue as civil [illegible] that his services [illegible] [illegible] [illegible]
