G.O. No. 2597 Press ~~Mis.~~

163-64 Dated 8-10-1868

Not to be folded or roughly handled

Read again Proceedings of the Board of Revenue, dated 7th September, 1868, recorded in G. O., 10th idem, No. 2,356.

No. 163. Read also the following Proceedings of the Board of Revenue, dated 24th September, 1868 :—

Read the following letter from the Commissioner of the Neilgherry Hills, to the Acting Secretary to the Board of Revenue, dated Ootacamund, 18th September, 1868, No. 26.

1. Proceedings of the Board of 15th September, 1868, directing my attention to Section 33 of Act VI. of 1857, and calling for the necessary Specification of the lands required for the Ootacamund Water Project and Reclamation Scheme have been received.

2. The Section requires me to state the general direction of the works and the average breadth of land required:

Water Project, north of the Lake.

The general direction of the line of the works for the Water Project north of the Lake, is as follows :—

Starting from the reservoir on the north-western slope of the Club Hill, the line runs easterly towards North Downs' Saddle, thence due south towards St. Stephen's Church, thence due west towards Sylk's Hotel. The average breadth of land required will be about sixteen feet.

Water Project, south of the Lake.

Starting from the reservoir on Dodabetta, the line of the channel will run due west to the Elk Hill Aqueduct, thence in a westerly direction to the end of the Lake.

The average breadth of land required will be about sixteen feet.

The Reclamation Project.

The general direction of the works will extend on one side of the Market Bridge in a south-westerly direction towards the head of the Lake where the average breadth of the land required will be about 500 feet. From the head of the Lake still in a south-westerly direction up to the Willow Bund a strip of land on each side of the Lake about 150 feet in width will be required.

Then again on the other side of the Market Bridge in a north-easterly direction as far as the back-yard of the Carrying Company's premises a strip of land of an average width of sixty feet on both sides of the water supply channel will be required.

3. The Survey plans can be seen at the Commissioner's Office.

Submitted to Government, with reference to their Order, 10th September, 1868, No. 2,356, calling for a Specification of the land.

No. 164. ORDER THEREON, 8th October, 1868, No. 2,597.

Miscellaneous.

1. The Governor in Council resolves that the following Declaration be made and recorded under Section 2 of Act VI. of 1857:—

"Whereas certain lands at Ootacamund, as per Specification* subjoined, are required for a Water Project and Swamp Reclamation Scheme, the Governor in Council, in exercise of the authority vested in him by the provisions of Act VI. of 1857, does hereby declare the said lands to be lands required for public purposes".

* Letter from Commissioner of Neilgherry Hills, dated 18th September, 1868, No. 26.

2. The Governor in Council also resolves, under Section 3 of the said Act, to direct Mr. J. W. Breeks, Commissioner of the Neilgherry Hills, to take the necessary measures for the acquisition of the said lands, and to adjust the claims to compensation on account of them in the manner provided by the Act.
