Proceedings of the Madras Government, Revenue Department,
22*nd October* **1868.**

No. 345. Read the following Proceedings of the Board of Revenue, dated 1st October 1868, No. 6,948 :—

Read the following letter from the Collector of Malabar, to the Acting Secretary to the Board of Revenue, dated Calicut, 22nd August 1868, No. 244.

Dated 11th August 1868.

1. With reference to the Board's Proceedings noted, communicating Government Order, dated the 30th June 1868, No. 1,824, (Revenue Department,) I have the honor to state that there are no District Road Funds available for allotment during the current year for the Beypore Chuttrum. If the work is to be commenced forthwith, I would request that the moiety of the estimate, Rupees 3,040, payable by Government from Imperial Funds, may now be provided. Provision for the moiety due from District Road Fund will be made in the Budget for next year, shortly to be submitted.

Vide G. O., 16th December 1867, No. 2,993.

2. Meanwhile, I have issued the necessary orders for making over the site, marked C on the plan, to the Public Works Department.

3. I must add that I believe great part of this site to have been formed by the Beypore river *within* the last year or two, and that I believe, that unless efficient measures are taken to preserve it, it will be liable to be washed away as quickly as it has been formed.

4. I shall take an early opportunity of visiting the place, however, and will report, if necessary, after doing so.

---

1. Submitted to Government, with a request that the moiety payable by Government be provided at an early date to admit of the work being put in hand.

2. The Superintending Engineer will doubtless see to the security of the site before commencing the building.

No. 346. ORDER THEREON, 22nd October 1868, No. 2,685.

Rev: Order 8/16 Dec. 1867 No. 2993

The Govt. sanctions the provision from the Dist. Road Funds of a moiety of the estimated cost of the Chultrums to be erected at Arconum, Erode and Beypoor.

Bds Pro: 8/1 Oct. 1868 No. 6948.

The Collector of Malabar reports that no District Road funds are available in the current year and requests that the moiety payable from Imperial Funds for the Beypoor Chultrum may now be provided. This will have to be considered in the P. W. D. Mr. Ballard promises to provide the moiety due from the Dist. Road Fund in the Budget for next year. As regards the site for the Chultrum, the Coll. proposed one

one near the Railway Termi=
=nus at Beypoor, and re=
=marked that no other is
available, as the Chuttrum to
be of any real use must be close
to the station.

The Agent declined to give
up the site on the grounds
that a Chuttrum there will
be a nuisance to residents in
the Hotel, and that the ground
will probably be required for
additional sidings - Mr.
Elwin proposed another site
outside the station enclosure
which he added might be
secured against any possible
encroachment of the river
by putting down a row of piles.
It is the greater part of this
site that the Coll.r states
has been formed by the
Beypore river within the
last year or two - and that
