No. 552. Read the following Proceedings of the Board of Revenue, dated 22nd January 1868, No. 491.

Read the following letter from the Collector of Tanjore, to the Secretary to the Board of Revenue, dated Point Calimere, at Tritrapundi talook, 11th January 1868, No. 3:—

1. In the latter part of paragraph 12 of the Board's Proceedings, dated 26th August 1867, No. 5,508, I was directed to submit proposals for utilizing the balance of Rupees 44,053 still left unappropriated under District Road Fund in this district. I now submit another Supplemental Budget for this purpose, consisting of two parts, prepared in communication with the Superintending Engineer, 6th Division.

2. The available balance was stated there as Rupees 44,053, to which have to be added Rupees 15,744, being the amount to be re-imbursed to the District Road Fund, from the Civil Budget under "Petty Construction and Repair," on account of provision made for Salt works from Local Funds.—*Vide* Government Order, dated 27th October 1865, No. 2,635. The total assets thus come to Rupees 59,797. From this, however, is deducted Rupees 29,000, which it is proposed to carry to the next official year 1868-69, in order to swell the available amount of that year, and to admit of provision being made for two items, the one, amounting to Rupees 13,000, being intended for providing funds for the execution of certain important works, and the other of Rupees 16,000 for meeting the charges on account of the establishment of a Special Local Fund Executive, should the same be sanctioned, as proposed in my letter, dated 6th November 1867, No. 213. The net balance available, therefore, is Rupees 30,797, and the Budget, herewith forwarded, provides for utilizing this sum.

3. An abstract of the Parts I. and II. of the Budget is given below:—

			Rs.
By Public Works Department ...	Original Works		5,164
	Repairs		4,555
By Revenue Department ...	Original Works		2,870
	Repairs		16,737
Add—			
For Public Works supervision at ten per cent. on the estimated expenditure by that department			971
For Petty Establishment, as per separate list annexed... ...			500
			30,797

Of this sum Rupees 10,690 should be placed at the disposal of the Superintending Engineer, through the Accountant General, for expenditure by the Department of Public Works.

4. Of the five items entered in Part I. under "Original Works," estimates for Nos. 1 and 3 require the sanction of the Board, and 2 and 4 of the Board and Government. They will, therefore, be forwarded with separate letters respectively.

5. As there are only eleven weeks more before the official year closes, I beg that the Board will be pleased to obtain the speedy sanction of Government to the Supplemental Budget in question.
