OCTOBER.

Nos. 435-436.

Slutces in the north bank of the Coleroon in Trichinopoly.—Order sanctioning estimate for their construction, communicated to Board of Revenue.

Proceedings of the Madras Government, Public Works Department, 22nd October 1868.

No. 496. Read the following letter from the Superintending Engineer, 6th Division, to the Secretary to Government, Public Works Department, dated Tanjore, 7th October 1868, No. 712:—

1. I have the honor to inform you that I have lately examined the north bank of the Coleroon, in the limits of the Trichinopoly talook, and I observed two old surplus sluices in it which are in an unsafe condition. These sluices are said to have been built some twenty years ago, they are beyond repair, and I propose to substitute for them sluices of one vent, similar to those sanctioned in January* and November† 1865, all of which have been built and answer their purpose well.

1 Estimate, Rupees 2,000.

4' × 4'

* G. O. No. 214.
† ,, ,, 1,477.

2. If these works are to be carried out during the ensuing working season, as it is most desirable they should be, it will be necessary to commence the works this year. I propose, therefore, with the sanction of Government, to allot Rs. 500 for them from the balance of the allotment under Agricultural "Minor New Works" in Trichinopoly, and the balance for the works, viz., Rs. 1,500, may be provided next year from the Reserve.

3. The plan being a facsimile of one already submitted is not now forwarded.

No. 497. ORDER THEREON, 22nd October 1868, No. 3,336.

IRRIGATION, No. 23.

The Government sanction the estimate of Rupees 2,000, submitted with this letter for the construction of two surplus sluices in the north bank of the Coleroon river in the Trichinopoly District, and approve of the manner in which the Superintending Engineer proposes to provide the requisite funds to meet the outlay on the works during the current official year.

(True Extract.)

Colonel, R. E.,
Secretary to Government.

To the Superintending Engineer, 6th Division.
,, Controller of Public Works Accounts.
,, Accountant General.
,, Revenue Department.
,, Chief Engineer for Irrigation.
