Proceedings of the Madras Government, Revenue Department, 2nd November 1868.

No. 1. Read the following Proceedings of the Board of Revenue, dated 7th October 1868, No. 7,109 :—

Read the following letter from the Collector of Tanjore, to the Acting Secretary to the Board of Revenue, dated 29th August 1868, No. 178.

1. With reference to the revised list of works proposed for execution in 1868-69 under "Petty Construction and Repair," forwarded with my letter, dated 25th April 1868, No. 98, I have the honor to submit, herewith, for the sanction of Government, the accompanying plans and estimates for the new works numbered 1, 2, 5, and 7 in the above said list. The sums provided for each of the works in the list, and the amounts of the estimates, are shewn in the margin. It will be observed that the aggregate amount of these estimates exceeds the provision made in the list by Rupees 562 ; but this I propose to meet from the Rupees 500 provided for Contingencies, and from such savings as may be effected on other estimates.

	As per list.	As per estimate.	Increase.	Decrease.

Enclosures Nos. 6 to 11.—Estimates.

The estimates for salt works received with the foregoing letter, as particularised in the margin, are submitted for the sanction of Government, provision having been made for them under "Petty Construction and Repairs" for 1868-69. It will, however, be found that the amount of the estimates exceeds the allotment in the Budget by Rupees 612, and it is proposed to meet this excess from such savings as may be effected on other estimates.
