No. 56. Read the following Proceedings of the Board of Revenue, dated 7th October 1868, No. 7,150:—

Read the following letter from the Acting Collector of North Arcot, to the Acting Secretary to the Board of Revenue, dated Chittoor, 12th September 1868, No. 306.

1. On account of the dilapidation of the buildings, the endowments of two Choultries, situated respectively in Byreddipalle and Bodinayanipalle, in the Palmanair Talook, were sequestrated from Fusly 1258 to Fusly 1274, during which time the amount, as per margin, was credited to Government.

	Rs.	A.	P.
Byreddipalle	657	14	2
Bodinayanipalle	368	13	6

2. It appears that the Choultries were not altogether closed to travellers during the period of sequestration; and, as the buildings have since been put in thorough repair, I have the honor to request that the sanction of Government may be obtained to the refund to the proprietors of the respective sums abovementioned.

SUBMITTED for the sanction of Government.

No. 57. ORDER THEREON, 4th November 1868, No. 2,773.

Miscellaneous.

1. The Board request sanction for the refund of Rupees 1,026-11-8, the proceeds of the endowments of two Choultries in North Arcot, which were sequestrated, from Fusly 1258 to Fusly 1274, on account of the dilapidation of the buildings which have since been put in thorough repair.

2. Before passing orders on this application, the Government deem it necessary to call for information, as to whether the present circumstances connected with the Choultries are such as to require the restoration of the endowments. The original object of the endowment was lost sight of by the grantees sixteen years ago, when the local authorities very properly resumed what had been given for a purpose to which it was not being applied, and in the meanwhile other new Choultries may have been erected in the vicinity of these. The roads also by which they stand may have been wholly or partly abandoned.

3. The Board will call for full information on these points, and direct the Collector to ascertain and report the probable cost of the repairs which the grantees, after the delay of sixteen years, have executed.

Endowments of two Choultries in Palmanair Taluk.— Board of Revenue to furnish full information on certain points in connection with the application for its refund.

R. D No 3287/68.

Are present circumstances such as to require the restoration of an endowment granted for the general convenience of nearly two many years ago? — The original object of the endowment was lost sight of by the grantees sixteen years back, when the local authorities very properly assumed what had been given for a purpose to which it was not being applied. — There may now be other new Choultries in the vicinity of these — the road by which they stand may have been wholly or partly abandoned — in fact, what may have been wanted ½ a century ago, may not be wanted now. It seems due that by giving cause for the resumption of the Endowment, the grantees are

without a title and I would not recommend it adopted the Chronicle that all the pinnacles have there is as much reason for the two churches as there may have been when they were first built.

I would also direct the Committee to examine the report of the probable cost of the repairs, which after deliberation on the matter for 16 years, the Leaders have now chosen to execute. I should like the cost fall short of the sum credited to Gods between Justices 1258 and 1274, I would leave the dispersion at the public meeting
