The establishment for the official year was sanctioned on the 20th May last- but it seems that it can be set to work only when certain instruments are on hand- There are applied for on 11 Lakhs following 20th May !!!! The apparent delay of the stamping arrangements is entirely owing to the Collr. not having made the Collectt. aware of the Government sanction in time to allow of slow pace- Have the Collr. moved further in the matter ? Does not the Collectt. require a proof: will the above or a similar order be sufficient- Will add to the Sanctioning effect- for some such appears that the annual application has not been made without sanction found
