287-88 Dated 16-11- No 1868.

Not to be folded or roughly handled

Proceedings of the Madras Government, Revenue Department,
16th November 1868.

Read again Proceedings of Government, Revenue Department, dated 7th October 1868, No. 2,584.

No. 287. Read also the following letter from the Superintending Engineer, 6th Division, to the Secretary to Government, Public Works Department, dated Tanjore, 19th October 1868, No. 742 :—

With reference to G. O., No. 3,259, dated 15th instant, calling for explanation regarding the difference in the cost of converting the Coleroon south bank into a road in two different sections, I have the honor to inform you that the difference is due to the following causes :—

Because the bank in the section in the Combaçonum Talook is common to the Coleroon and the South Rajah Voikal ; and on the excavation of the latter, much of the earth taken from it was placed on the old Coleroon bank, which, for a great part of the section, was practicable for the passage of a single bandy before the preparation of the late estimate ; while in the Sheally Talook the Rajah Voikal approaches the Coleroon bank at intervals, and the bank was not increased in size by the earth taken from the Rajah Voikal except at a few points, and hence far more widening is required in that section ; moreover, in the western section, as a rule, the natural level of the country is higher than in the eastern section, and hence the height of the embankment in the latter is greater than in the former.

TRANSFERRED to the Revenue Department, with reference to the Order in that Department, No. 2,584, of the 7th October 1868.

(Signed) CHARLES A. ORR, Colonel, R. E.,
Secretary to Government, P. W. D.

23rd October 1868.

No. 288. ORDER THEREON, 16th November 1868, No. 2,876.

Local Funds, No. 6.
Civil Works.

The estimate, amounting to Rupees 25,000, for the construction of thirteen miles of the road along the Coleroon bank between Trunk Road No. IX. and Anikaren Choultry on the Cuddalore and Sheally road, is sanctioned.
