No. 293. Read the following Proceedings of the Board of Revenue, dated 24th September 1868, No. 6,795 :—

Read the following letter from the Acting Collector of Trichinopoly, to the Acting Secretary to the Board of Revenue, dated 26th May 1868, No. 100.

1. Adverting to paragraph 8 of the Board's Proceedings, No. 1,897, dated 16th March 1868, I have the honor to forward the accompanying List A., of works expected to be completed by the 31st of March 1868, but which remained unfinished on that date, and for the completion of which funds should be allotted during the current year.

2. The balance of the District Road Fund, on the 1st of April 1868, as reported in the Plus and Minus Memorandum for that month, is Rupees 79,390. Deducting from this the sum of Rupees, 33,869, exhibited in the subjoined statement, the difference, namely, Rupees 45,521, forms the actual cash balance on the 1st of April 1868 :—

Add to this balance, namely, Rupees 45,521, the total amount of the undermentioned two items, namely, Rupees 75,125, the aggregate, namely, Rupees 1,20,646, may be calculated as being available for expenditure during this year :—

5. In Part I. the allotments made in the Original Budget, for the subjoined works, have been raised from Rupees 34,000 to Rupees 53,893. I have omitted the road from Kauttuputtur to Valiapatti. With the Cauvery unbridged, this Railway feeder is not of much use; and, instead, I have (as strongly recommended by Captain Oakes) provided for the far more important Railway feeder from Teruvarambur to Oottamacharey or the Vennaur head, the estimate for which has already been sanctioned in Government Order, No. 2,879, dated 8th October 1863. I have entered an allotment of Rupees 10,000 for this work:—

	Amount allotted in Original Budget.	Amount entered in the accompanying Part. I.

2. Do. from Perambalur to Arrealur	6,000	12,000
3. Do. from Perambalur to Kristnapuram	8,000	12,000
4. Do. from Museri to Kannanur and Toriore	8,000	15,000
5. Constructing six ferry boats	4,000	5,430
Total...	34,000	53,893

6. In Part II. I have provided for the complete restoration of the road from Jeyencondasholapuram to Rajendrapatnam and to Puttur, opposite to Virdachellum, the Sub-Collector's station in South Arcot. A sum of Rupees 1,000 was spent during the last year under the sanction of the Board—*Vide* paragraph 8 of their Proceedings, No. 7,371, dated 12th November 1867.

7. I have also provided for improving the drainage and repairing the streets in the Cusbah Arrealur, the head-quarters of the Deputy Collector on general duties. This Part II. provides also for constructing two road dams on the road from Covilpatti to Manaparai, in order to secure it from injury likely to happen from the breaching of tanks in the neighbourhood.

8. Provision is also made for the maintenance of the completed local lines as well as the executed portions of the roads in progress.

9. The Abstract of List A., and Parts I. and II. is given below:—

		Rs.
By Department of Public Works...	Original works	60,563
	Repairs	14,534
By Revenue Department	Original works...	10,000
	Repairs	14,025

Public Works superintendence, at ten per cent. on the estimated expenditure to be incurred by that department		7,510
Petty establishment...		2,646
One per cent. for tools, &c., on the total expenditure ...	Dept. of P. W. ...	751
	Revenue Dept ...	240
		1,10,269

10. Deducting the above sum from the available assets, there remains a surplus of Rupees 10,377, and this I propose be kept in the reserve.

11. I have under preparation a scheme for sinking bowries or wells, and forming topes, at convenient distances, on the Imperial as well as Local lines in the Kadarambam parts of the district. Travellers and generally the inhabitants of several of the Kadarambam villages at present suffer very great inconvenience during the hot weather from want of water. The scheme under preparation will be most beneficial, not only in removing this difficulty, but also for avenues, and for road-making purposes.

12. I hope to be able to submit this scheme shortly to the Board, and, if approved, a considerable portion of the reserve would be appropriated for its execution.

Enclosures Nos. 1 and 2.

Abstract.—Revised Parts I. and II. for 1868-69.

Enclosure No. 3.

Abstract.—List of Works.

With the foregoing letter, the Acting Collector submits a list of incomplete Road Fund Works, for the completion of which funds are required during the current year, as also revised Parts I. and II. of the Budget already submitted by him and incorporated in the General Budget.

2. The actual cash balance of the fund, on the 1st April 1868, is given as Rupees 45,521; while the anticipated balance shown in the Budget is only Rupees 450. To the actual balance is added a sum of Rupees 9,325, (instead of Rupees 11,289,) being the expected return of the loan from the Road Fund to Imperial Funds, and another sum of Rs. 65,800, the estimated Road Fund collections, making a total of Rupees 1,20,646,* which may be looked upon as the assets available for expenditure during the year.

Vide Board's Proceedings, 13th March 1868, No. 1,823.

*	45,521
	9,325
	65,800
	1,20,646

3. The list of incomplete works contains seven original works and fourteen repair works, with a total allotment of Rupees 10,592;† but as revised Budget lists for the year are now submitted, the Board are of opinion that the incomplete list need not be disposed of sepa-

rately, and accordingly direct that the works shown in it be added to those in Parts I. and II. of the Budget.

4. Part I. of the Budget as submitted by the Acting Collector contains six works, the first four of which appear in the original Budget. The fifth and sixth works are fresh entries. None of these works call for any special remark except the fifth work, *viz.*, Road No. 14 from Teruvarambur to Vennaur head, or Oottamacharey, which the Acting Collector proposes in lieu of the road from Kauttuputuur to Valiaputti, Item No. 145 in the original Budget. Both the Acting Collector and the Superintending Engineer are of opinion that the proposed line will be a far more important Railway feeder than the one last mentioned, which will not be of much use with the Cauvery unbridged.

5. Part II. contains nineteen repair works, six of which appear in the original Budget. The first four works in the list appear to be improvements to existing roads, and should, therefore, be classed as new works, and not as mere repairs. They are now transferred to Part I. of the Budget. The Acting Collector is requested to expedite the submission of estimates for these works.

Vide Board's Proceedings, dated 23rd August 1867, No. 5,453, paragraph 19.
Board's Proceedings, dated 27th March 1868, No. 2,232, paragraph 5.
Board's Proceedings, dated 27th August 1868, No. 6,152.

7. The sixth work is for the maintenance of Road No. 8 from Trichinopoly to Salem, *via* Toriore, with an assignment of Rupees 4,200. This work is omitted from the Budget, as the road has been more than once decided by the Board to be an imperial work.

8. To avoid confusion, and to admit of easy reference, the Board have caused Parts I. and II. of the Budget to be revised in their office, exhibiting therein the incomplete works also. The subjoined is an abstract of Parts I. and II. of the Budget, as revised :—

			Rs.

1,14,820

This sum deducted from the total available assets for the year shown above leaves an unappropriated balance of Rupees 5,826.

9. The Board request that the sanction of Government may be accorded to the proposed expenditure of Rupees 1,14,820 in supercession of that provided in the original Budget to the extent of Rupees 68,030, which should be considered cancelled.

10. In the abstract appended to paragraph 9 of the letter above recorded, the Acting Collector puts down Rupees 2,646, as the amount required on account of petty establishment, instead of Rupees 4,800, sanctioned in the Board's Proceedings, dated 23rd May 1868, No. 3,818. The latter sum is now provided, as will be seen from paragraph 8 of these Proceedings. It will be observed from the Board's Proceedings, dated 26th June 1868, No. 4,721, that the Range Establishments sanctioned are to be made available for all District Road Fund Works in each Range, whether executed by the Revenue or Public Works Department.

	Rs.
Reserve	6,580
Unappropriated balance	5,826
	12,406

11. The sum still available for expenditure appears to be Rs. 12,406, as shown in the margin. The Acting Collector states in paragraph 11 that for utilising this money he has under preparation a scheme for sinking wells along the lines of road. The Board will await the receipt of this.

Account.

The expenditure of Rs. 1,14,820 proposed by the Board in supercession of Rupees 68,030, the amount authorised in the General Local Fund Budget passed by the Government, is exclusive of the allotment of Rupees 4,200 for the road from Trichinopoly to Salem, *via* Toriore. The Board struck out this road with the remark that they have decided it to be an imperial work, but the Government have recently classed it among the local roads. Sanction is, therefore, granted for the total sum of Rupees 1,19,020. But the rules as to the previous sanction of the estimates by proper authority should be adhered to, and this general authority is not to be construed as dispensing with the more specific sanction.

Pro of the Board of Revenue 2nd December 1868 No 3810

Incomplete Road Fund Works in Trichinopoly District.—Expenditure proposed by the Board of Revenue, sanctioned.

1. With the foregoing letter, the Acting Collector submits a list of Incomplete Road Fund Works, for the completion of which funds are required during the current year, as also revised Parts I. and II., of the Budget already submitted by him, and incorporated in the General Budget.

2. The actual Cash balance of the Fund, on the 1st April 1868, is given as Rupees 45,521; while the anticipated balance shown in the Budget is only Rupees 450. To the actual balance is added a sum of Rupees 9,325, (instead of Rupees 11,289,) being the expected return of the loan from the Road Fund to Imperial Funds, and another sum of Rupees 65,800, the estimated Road Fund collections, making a total of Rupees 1,20,646,* which may be looked upon as the assets available for expenditure during the year.

Vide Board's Procs., 18th March 1868, No. 1,823.

3. The list of Incomplete works contains seven Original works and fourteen Repair works, with a total allotment of Rupees 10,592;† but as revised Budget lists for the year are now submitted, the Board are of opinion that the Incomplete list need not be disposed of separately, and accordingly direct that the works shown in it be added to those in Parts I. and II. of the Budget.

	Rs.
† Original works...	6,670
Repairs...	3,922
Total...	10,592

4. Part I. of the Budget as submitted by the Acting Collector contains six works, the first four of which appear in the Original Budget. The fifth and sixth works are fresh entries. None of these works call for any special remark except the fifth work, namely, Road No. 14 from Teruvarambur to Vennaur Head or Oottamacharey, which the Acting Collector proposes in lieu of the road from Katuputhur to Valiaputti, Item No. 145 in the Original Budget. Both the Acting Collector and the Superintending Engineer are of opinion that the proposed line will be a far more important Railway feeder than the one last mentioned, which will not be of much use with the Cauvery unbridged.

5. Part II. contains nineteen Repair works, six of which appear in the Original Budget. The first four works in the list appear to be improvements to existing roads, and should, therefore, be classed as New Works, and not as mere Repairs. They are now transferred to Part I. of the Budget. The Acting Collector is requested to expedite the submission of estimates for these works.

7. The sixth work is for the maintenance of Road No. 8 from Trichinopoly to Salem *via* Torriore, with an assignment of Rs. 4,200. This work is omitted from the Budget, as the road has been more than once decided by the Board to be an Imperial work.

Vide Board's Procs., dated 23rd August 1867, No. 5,453, paragraph 19.
Board's Procs., dated 27th March 1868, No. 2,232, paragraph 5.
Do. 27th August 1868, No. 6,152.

8. To avoid confusion, and to admit of easy reference, the Board have caused Parts I. and II. of the Budget to be revised in their office, exhibiting therein the Incomplete works also. The subjoined is an abstract of Parts I. and II. of the Budget, as revised:—
