G.O. No. 2887 Press / Mis.

309-11
Dated 18-11-1868

Not to be folded or roughly handled

Proceedings of the Madras Government, Revenue Department,
18th November 1868.

Read the following papers:—

No. 309. From J. BROUGHTON, Esq., Government Quinologist, Ootacamund, to the Acting Secretary to Government, Revenue Department, Fort St. George, dated Ootacamund, 24th October 1868.

1. I have the honor to forward a plan and estimates for a small Alkaloid Manufactory at Ootacamund, which Major Farewell, the District Engineer, has been good enough to draw out, under my directions, in accordance with G. O., Revenue Department, No. 1,837, of 1st July 1868.

2. The submission of this plan has been delayed in the hope of learning the decision of Government concerning the proposed site, the particulars of which, (as I learn from the Commissioner of the Neilgherries,) were forwarded to Government for that purpose some time ago. To avoid delay, I now request the approval of Government for these plans, and that Government will sanction the performance of the work by the Department of Public Works.

3. The estimates now sent are for the building only, and are exclusive of those connected with site, such as levelling, fencing, &c.

No. 310. Proceedings of the Board of Revenue, dated 21st October 1868, No. 7,551.

Read the following letter from the Commissioner of the Neilgherries, to the Acting Secretary to the Board of Revenue, dated Ootacamund, 21st September 1868, No. 27.

1. With reference to the Government Order, dated 1st July 1868, No. 1,837, regarding a suitable site for Mr. Broughton's Laboratory, I have the honor to report that Mr. Broughton pointed out to me a piece of land adjoining his house and the Government Gardens, as a site most convenient for him.

2. The piece of land is marked A. in the accompanying sketch, (Enclosure marked X.), and is the property of Captain Daly, the owner of Upper Norwood. It measures 1·06 Acres, and Captain Daly is willing (see Enclosure Y.) to hand it over to Government in exchange for land B., in Lower Norwood, the property of Government, and now occupied by the Lawrence Asylum boys, measuring 0·91 Acres.

3. I got B. set out with sticks and flags, and referred the question to the Lawrence Asylum Principal. I append Reverend Mr. Bliss's reply, (Enclosure marked Z.) Half of the Committee see no objection to the exchange. Half think it will materially affect the value of the Lower Norwood property.

4. My first impression on looking at the sketch was that the piece wanted in exchange was situated too close to Lower Norwood House; but after twice inspecting the spot, I am of opinion that, although the exchange will bring Captain Daly's boundary to within 1[illegible] feet of Lower Norwood House, (that is 50 feet nearer than it now is,) the fence will hardly be seen from the windows of the house, which is built on a lower level, cut out of the hill-side. The exchange, therefore, will not, in my opinion, materially damage the Lower Norwood property.

5. The whole of B. is a jungle of the Australian Wattle, and is now only used for a latrine, as far as I could see.

6. Should the Board agree with me, and think that the exchange may be made, I beg for early orders, that I may get the necessary Deeds prepared to convey the Government land to Captain Daly, and Captain Daly's land to Government.

From Captain H. W. DALY, late Nair Brigade, to the Commissioner of the Neilgherries, dated Bangalore, 19th September 1868.

1. I have to acknowledge your letter of the 15th instant, enclosing a survey sketch of the piece of ground (B.) which you are prepared to recommend to Government to be given for my piece (A.) at Upper Norwood.

2. I am ready to accept the exchange, as per survey sketch, on the condition of the Government preparing the necessary Conveyance Deeds, and making the transfer free of charge to me.

From the Principal of the Ootacamund Lawrence Asylum, to the Commissioner of the Neilgherries, dated Ootacamund, 19th August 1868.

I sent your communication, respecting the exchange of certain plots of ground near Lower Norwood, to the Members of the Committee of the Ootacamund Lawrence Asylum, and have now received their opinion on the proposed transfer. They are equally divided on the subject : half seeing no objection to the exchange, and the other half objecting on the ground that the proposed plan may materially affect the value of the property, should Government wish to dispose of it on the removal of the boys to Lovedale. As this is the concern of the Government, of which you are the representative here, it appears to me that the Committee of the Ootacamund Lawrence Asylum see no objection to the transfer as far as the interests are concerned, of which they are in trust.

ENCLOSURE No. 3.—Sketch.

SUBMITTED for the orders of Government.

No. 311. ORDER THEREON, 18th November 1868, No. 2,887.

Miscellaneous.

1. In their Order, under date 21st November 1867, No. 2,757, the Government sanctioned a provision of Rs. 6,500, in the Government Quinologist's Budget for the present year, for the prospective erection and working of a small experimental Manufactory of febrifuge alkaloids.

2. Mr. Broughton now submits a plan and estimate for the building, amounting to Rupees 3,690, which are approved and sanctioned. The necessary instructions for the commencement of the work will be issued in the Public Works Department.

3. The second paper recorded above relates to the site of the proposed building. It appears that Captain Daly possesses some land conveniently situated for this purpose, which he is willing to exchange for other land, the property of Government, being part of the Lower Norwood Estate. The Commissioner of the Neilgherry Hills is of opinion that the Estate will not be damaged by the proposed exchange, and the Government accordingly resolve to sanction it.

4. Any charges connected with the transfer of the land to Captain Daly, or with the acquisition of his land, or its clearing and fencing, will be met from the provision in the Government Quinologist's Budget referred to in paragraph 1 above.

(True Extract.)

Proceedings of the Madras Government
No 3399. Under date the October 1868.-

Read the following Pro: of the Board of Revenue.-

Laboratory for Government Entomologist;- Exchange of land proposed by Nellgherry Commissioner to be made with Captain Daly on account of his land required for,- submitted for orders of Govt.

(R. G. 21st Octr 1868 No 7,551.)

Under the circumstances stated in the Commissioner's letter, the Govt sanction the exchange of land proposed by that Officer and grant authority for the preparation of the necessary Conveyance Deeds.-

Note. Mr Broughton's second proposal was to select a suitable site for the Entomologist on Government land. That was selected & found to be private land, but is stated to be the most convenient site.
