No. 379. Read the following Despatch from the Right Honorable the Secretary of State for India, (Public,) to His Excellency the Right Honorable the Governor in Council, Fort St. George, dated India Office, London, 7th October 1868, No. 38 :—

1. I have considered in Council your Despatches in the Revenue Department, of the numbers and dates noted in the margin, on the subject of Chinchona cultivation.

* No. 30, dated 16th June 1868.
,, 33, ,, 22nd ,, ,,
,, 35, ,, 23rd ,, ,,
,, 36, ,, 24th ,, ,,
,, 41, ,, 4th Augt. ,,
,, 43, ,, ,, ,, ,,

2. The samples of bark forwarded with your Despatch, dated June 22, (No. 33,) were sent to Mr. Howard, and I now enclose 50 copies of the report of his analysis, together with an account of Dr. de Vrij's analysis of specimens of root bark.

3. The additional report from the Chinchona Commission on the results of the trial of different alkaloids in cases of fever, as confirming their previous impressions, is highly satisfactory.

4. Mr. Broughton's reasons for desiring to be allowed to make purchases in England, instead of obtaining them through the Store Department of this Office, are sufficient to justify a departure from the usual mode of procedure, as a special case. The necessary instructions for the packing and shipment of Mr. Broughton's stores will be issued to the Director General.

5. I observe from Mr. McIvor's report that planters are now successful in rearing Chinchona seeds, which are distributed to them gratuitously, and that they are thus enabled to avoid the risk and expense of removing young plants, from the nurseries belonging to Government, to their estates.

6. The samples of bark and seeds forwarded for M. Delondre have been transmitted to him, and the result of his analysis will be communicated to you as soon as it is received.

No. 380. ORDER THEREON, 21st November 1868, No. 2,921.

Miscellaneous.

1. Ordered to be communicated, together with the enclosure, to the Superintendent of the Government Chinchona Plantations and to the Government Quinologist.

2. The samples of bark referred to in paragraph 2 of the Despatch were those forwarded with Mr. McIvor's letter of 16th June 1868, No. 73.*

* G. O., 22nd June 1868, No. 1,750.

3. Ordered also that paragraph 3 of the Despatch be communicated to the President and Members of the Chinchona Commission and to the Inspector General, Indian Medical Department, with reference to the Proceedings of Government, 15th June 1868, No. 1,671.

(True Extract.)
