Proceedings of the Madras Government, Revenue Department, 21st December 1868.

No. 347. Read the following Proceedings of the Board of Revenue, dated 2nd November 1868, No. 7,790 :—

Read the following Proceedings of the Madras Government, dated 28th August 1868, No. 2,280, Revenue Department.

ABSTRACT.—Directing the Board to report whether the work connected with the Yeomiah payments in the North Arcot Collector's office did not receive Mr. Pelly's consideration in the revision of the Revenue Establishments.

IN the foregoing Proceedings the Government desire to be informed whether the Yeomiah payments in North Arcot did not receive Mr. Pelly's consideration in the revision of the Revenue Establishments. It will be seen from the abstract of the Collectors' replies to Mr. Pelly's Circular, appended to his letter to Government of the 15th December 1859, No. 122, page 13, that the Collector did bring to his notice the insufficiency of his establishment for the transaction of Yeomiah business. Mr. Pelly, however, considered that the large number of hands in the English Department would be sufficient to meet the requirements of this work, and did not, therefore, propose any alteration. As the Collector has again brought to notice the insufficiency of his establishment, and as the Board are satisfied as to the necessity for employing an extra Clerk, they recommend the employment of a Clerk on at least 25 Rupees per mensem, as the Government consider that 30 Rupees originally proposed is unnecessarily large.

No. 348. ORDER THEREON, 21st December 1868, No. 3,182.

Miscellaneous.

Proceedings dated 28th August 1868, No. 2,280.

1. In their Proceedings dated 12th August 1868, No. 5,871, the Board of Revenue supported the application of the Collector of North Arcot for the entertainment of a Clerk to attend to the work in the Yeomiah Department of his Office, and they were requested to explain whether the Yeomiah payments in that district did not receive Mr. Pelly's consideration in the revision of the Revenue Establishments.

2. The Board, in their reply above recorded, report that the subject did receive Mr. Pelly's consideration, and that he considered the large number of hands in the English Department would be sufficient to meet the requirements of this work. The Board, however, recommend the Collector's proposal, on the ground that he has again brought to notice the insufficiency of his establishment.

3. The Government are not inclined to accede to this recommendation. The Revenue Establishments have been so recently revised, that any change in them without further trial cannot be sanctioned. The Government are satisfied that under efficient arrangements and proper supervision, the work can be performed without new hands. The arrears alluded to in the Deputy Collector's letter to the Collector, dated 7th March 1868, No. 84, ought not to have accumulated, and the Board should instruct the Collector to arrange for bringing some of the permanent clerks' labor to bear on these, in order that they may be disposed of at an early date.

Proceedings of the Madras Government, Revenue Department,
21st December 1868.

4. The Government observe that there has been much unnecessary delay in the Board's Office in the disposal of this subject. The Collector's letter, dated 10th March 1868, No. 72, was not taken into their consideration till five months afterwards, or 12th August 1868; and they did not reply to the Government Order of the 28th idem, till 2nd November 1868.

Yeomiah payments in North Arcot.—Proposal to entertain a Clerk to attend to the work, negatived, and orders passed with reference to the disposal of the accumulated arrears.

salary of Rs. (25) twenty five per mensem, to transact the business connected with the large pecuniary payments made in that District. This charge will be met from the savings in the Budget, and reported to the Government of India in the monthly statement.

I doubt much whether the Board can recommend this. We have recently reformed the establishments of our Collectors under para 10 of the letter dated 15th Oct. 59 J. Revenue Mil. No 122. We have made a separate Government deposit with the Collector with which to meet these charges, & I do not see how we can increase the number of Head Clerks, for more work, unless there should be an increase of work, which does not seem likely.
