*Proceedings of the Madras Government, Revenue Department,
6th February 1868.*

No. 125. Read the following Endorsement of the Inspector General, Indian Medical Department, dated Fort St. George, 23th January 1868, No. 44:—

Read the following letter from the Reverend S. D. SCUDDER, M. D., in charge of the Ranipet Dispensary, to the Inspector General, Indian Medical Department, Fort St. George, dated Madras, 27th January 1868.

1. Allow me to call your attention to the subject stated below, and ask your kind aid therein.

2. In January 1867 I sent to London for Rupees 1,300 worth of medicines and other articles needed for the Ranipet Dispensary. They should have arrived by the 1st September 1867, but the ship bringing them was unfortunately damaged at sea, and obliged to put in at Rio Janeiro. She has just arrived. The delay has occasioned me much inconvenience, and I am at the present time in very great need of the medicines, &c., for the use of the Dispensary.

3. I desire to get these medicines passed free of Custom duties, in order to save money for the Dispensary.

4. The money with which I purchased these medicines is a part of the sum annually allowed me by our Home Committee. They allow a certain sum to furnish the Mission stations with medicines, and the remainder to be used wholly for the Ranipet Dispensary.

5. I would, therefore, request that you kindly lay this matter before the Government, and obtain an order to pass free of Custom duties those medicines which are to be used entirely for the Dispensary. The proportion is as follows:—

					RS.
Proportion of the medicines for Mission stations	...				300
Do. articles not medical	...	...	...		100
Total of proportion upon which duty to be charged	...				400

Cost of the whole amount of medicines in round numbers 1,300

Deducting, therefore, Rupees 400, there will remain Rupees 900 worth of medicines to be used wholly for the Ranipet Dispensary. I would, therefore, ask the Government to kindly pass Rupees 900 worth of the medicines free of Custom duties, in order to save to the Ranipet Dispensary the sum which would have to be paid if Custom duties are charged.

6. I would state that in deducting Rupees 400 from the whole amount Rupees 1,300, I have left a large margin, that is more than 900 Rupees worth of the medicines, &c., will be used entirely for the Ranipet Dispensary. I have deducted a ~~large~~ proportion upon which duty is to be charged, in order to be sure that no larger amount will be passed free of duty than will be used for the Ranipet Dispensary.

Forwarded to the Chief Secretary, for the consideration and orders of Government.

No. 340. 6. Feb

To

The Principal Surg^t Gen^l of the Medical Department.

Dear Sir

Allow me to call your attention to the subject stated below, and ask your kind aid therein.

In January 1867, I sent to London for thirteen hundred roubles (Rs. 1300) worth of Medicines and other Articles, needed for the Hospital Dispensary. They should have arrived by the 1st September 1867, but the ship bringing them was unfortunately damaged at sea, and obliged to put in at Rio Janeiro. She has just arrived. The delay has occasioned me much inconvenience, and, I am, at the present time, in very great need of the Medicines &c. for the use of the Dispensary.

I desire to get these Medicines passed free of Custom duties, in order to have

Money for the Dispensary.

The money, with which I purchased these medicines, is a part of the sum annually allowed me by our Home Committee. They allow a certain sum to furnish the Mission Stations with medicines, and the remainder, to be used, wholly, for the Ranipet Dispensary.

I would therefore, request, that you kindly lay this matter before the Government, and obtain an order to pass, free of custom duties those medicines which are to be used entirely, for the Dispensary. The proportion is as follows:

	R.	A.	P.
Proportion of the medicines for Mission Stations	300	0	0
" " Articles Not Medical	100	0	0
Total of Proportion upon which duty to be charged,	400	0	0

	R.	A.	P.
Cost of the whole amount of medicines ordered	1300	0	0

Deducting, therefore, Rupees 400. there will remain Rupees 900. worth of medicines, to be used, wholly, for the Ranipet Dispensary.
