*Proceedings of the Madras Government, Revenue Department,
7th February 1868.*

No. 146. Read the following letter from the Secretary to the Government of India, Home Department, (Public,) to the Chief Secretary to the Government of Fort St. George, dated Fort William, 18th January 1868, No. 261:—

1. I am directed to acknowledge the receipt of your letter No. 1,608, dated the 20th ultimo, forwarding the Annual Report of the Administration of the Madras Presidency for 1866-67.

2. Referring to paragraph 111 (page 35) of the Report, I am directed to request

that, under the orders of the Governor in Council, an explanation may be furnished of the apparent discrepancy between the two statements quoted in the margin.

Imports.
"There was an increase of eight lacs in seeds.
* * There was a decrease of eight and a half lacs in seeds."

3. In paragraph 124 (page 40) of the Report it is stated that successful attempts have been made to introduce Carolina rice, and that the seed is in great request. As it is desirable that a similar experiment should be tried in other parts of India, I am directed to inquire whether any supply of acclimated seed can be furnished for experiments on this side of India.

No. 147. ORDER THEREON, 7th February 1868, No. 349.

Miscellaneous.

1. Ordered that the Government of India be informed that the decrease of eight and a half lacs occurred in rice, and that all the copies of the Administration Report be corrected accordingly, and an "erratum" list forwarded to all authorities who received the report.

2. The Board of Revenue will be requested to secure (if possible) a supply of acclimatized Carolina rice seed for despatch to the Government of India.
