REVENUE DEPARTMENT,
FORT ST. GEORGE,
7th February 1868.

No. 350.

No. 148.

To

E. C. BAYLEY, Esq.,
SECRETARY TO THE GOVERNMENT OF INDIA, HOME DEPARTMENT.

SIR,

Miscellaneous.

1. In reply to your letter of 18th January 1868, No. 261, pointing out a discrepancy in paragraph 111 (page 35)

of the Administration Report of this Presidency for 1866-67, I am directed to request that "Rice" may be substituted for "Seeds" in the last line but two of the paragraph where the decrease of eight and a half lacs in the value of the Imports is noticed, and that you will be good enough to cause all the copies sent to the Government of India to be corrected accordingly.

2. I much regret that the error in the text escaped notice in the final revise of the proof. A reference to the Statement of Imports and Exports at Appendix III D. of the Report will supply the figures on which the remark was based.

3. The Board of Revenue will be directed to endeavour to secure a supply of acclimatized Carolina rice seed for trial on your side of India, but the cultivation here is still on a purely experimental scale, the large supply of seed promised by the Secretary of State not having up to this time been despatched to India.

I have the honor to be,
Sir,

Your most obedient servant,
(Signed) W. HUDLESTON,
Secretary to Government.

Exd. S. T. Augustin.
