*Proceedings of the Madras Government, Revenue Department,
11th February 1868.*

No. 198. Read the following Proceedings of the Board of Revenue, dated 24th January 1868, No. 581 :—

Read the following letter from the Collector of Coimbatore, to the Secretary to the Board of Revenue, dated 29th November 1867, No. 331.

One of the largest and most important weekly markets in this district is held every Thursday at Pollachy. The state of the market place, the day after the fair, can be more easily imagined than described. In fact, it is a nuisance to every one living in its vicinity. This is the case in Pollachy more than in most other places in the district, as it is situated within the influence of the south-west monsoon. After due inquiry it has been ascertained that for each laden bandy and bullock coming to the market, the owners are willing to pay 6 and 3 Pies respectively, in view to the proceeds being applied to keeping the market place clean, and to repairing such buildings as are in existence for the convenience of the people, and to building new ones. Under these circumstances, I request the sanction of the Board to collect fees at the above rates. The Tahsildar, an energetic and careful man, is interested in the matter, and I doubt not that, under his superintendence, everything will be conducted in a satisfactory manner. The marginally

The Board approve and sanction the arrangement proposed by the Collector to provide for the conservancy of the Pollachy market place.
