Revenue **DEPARTMENT.**

G.O. No. 395 Press Mis.

233-34

Dated 12-2-1868.

Not to be folded or roughly handled

Proceedings of the Madras Government, Revenue Department,
12th February 1868.

No. 238. Read the following Proceedings of the Board of Revenue, dated 11th December 1867, No. 8,016:—

1. The Board resolve to submit to Government their Local Fund Budget for 1868-69, accompanied by the usual statements. They regret the delay which has taken place in the submission of this document, which is almost entirely owing to the late dates on which the Budgets of some districts were received, though the imperfections and errors which were found in the Budgets of the districts, rendering necessary a reference to the previous Budgets and Orders of Government also entailed considerable labor on the Board's Office, and thus incurred the delay in the preparation of the final Budget.

2. The documents submitted are noted below:—

1.—Part I. New Works.

2.—Part II. Repairs with an Appendix.

3.—Abstract Statement No. 1 shewing the estimated receipts and charges of the District Road Fund.

4.—Abstract Statement No. 2 shewing the estimated receipts and charges of all other Funds, Jungle Conservancy, &c.

5.—Budget of works to be executed from Canal Funds, (Cochrane's and Sadras.)

3. Some of the Collectors have left large balances of funds unappropriated. In these cases, the allotments made for works for the ensuing year have been raised by the Board, in order that they may be more rapidly completed. A few Collectors have entered the proposed expenditure for 1868-69, as considerably in excess of the expected income of the year. In such cases, it became necessary to reduce the allotments made for works, so as to bring the expenditure within the probable receipts.

4. This course was specially necessary in Tinnevelly, where the proposed expenditure was largely in excess of the expected income. In order to bring the outlay within the probable amount of funds available, the Board have deemed it proper to strike out of the Budget the new works noted in the margin.

	Rs.
Road No. 2 from Streevellipootoor *via* Senkaraninar Covil to Tinnevelly ...	10,000
Road along the tank bank to Tachanulloor road	3,600
Road from Sooradai to Alankolam through Virkiralampudur	20,000
Do. do. to Tenkasy ...	20,000

5. The Budgets received from Cuddapah and Bellary are also specially imperfect. The works are entered without any reference to previous Budgets, or the Orders of Government. In that from the Bellary District the figures entered under the columns "Estimate," "Computed expenditure," "Amount required for 1868-69," are uniformly the same, instead of being filled in with reference to the heading of each column. Such serious imperfections shew clearly that little or no attention is paid to the preparation of these Budgets by some Collectors; but this can be no longer permitted, and in future all Collectors will be good enough to understand that they will be held personally responsible for the correctness of these documents.

6. The only works struck out of Part I. of the Budgets, received from the Collectors, are those noted in the margin. The first work (in Vizagapatam) costing nearly a lac of Rupees, is scarcely chargeable to the Road Fund. The Board can allow only a grant-in-aid from the Fund equivalent in amount to any contribution that may be raised by the people. The others are Imperial, and are accordingly disallowed.

	Rs.
Vizagapatam.	
Bridge over the Vizagapatam back-water	1,00,000
Kistna.	
High level canal towards Guntoor	15,000
Improvements to Guntoor and Seetanagaram road	2,610
Kurnool.	
Road from Iyaloor to Cuddapah...	24,000

7. Under the head of "Miscellaneous Public Improvements" in Part I., the allotment of Rupees 10,000, made for digging wells in Cuddapah, has been reduced to 5,000 Rupees. In Bellary the provision of 15,000 Rupees made by the Collector for forming avenues and improving villages has been brought down to Rupees 5,000. In the same district, the sum of Rupees 10,000, for digging tanks and wells for drinking purposes, has been retained, on the understanding that an equal sum will be contributed by the people.

8. Part II. shews the repairs under the head of "Communications," and "Miscellaneous Public Improvements." All works, the cost of which exceeds Rupees 2,500, are separately specified, the minor repairs being shewn in gross. The particulars of the minor repairs are given in an Appendix.

9. The several maintenance grants not exceeding Rupees 2,500 each, excluded from the Public Works Budget of the ensuing official year, (a list of which is appended to Government Order, Public Works Department, dated 2nd November 1867, No. 3,405,) have been provided for in this Budget, save those chargeable to the Salt Budget; those to be executed by certain District Municipalities; and those rendered unnecessary by the formation of new roads on the same lines. The two works, noted in the margin, included by the Collectors in Part II., have been omitted from the Board's list. The first work was declared to be clearly municipal in paragraph 8 of the Board's Proceedings, dated 12th September 1867, No. 5,856, and the Public Works Department have properly omitted the work from their first list. As regards the second work, the Board are of opinion that the charge should fall on the Cuddalore Municipality.

	Rs.
Vizagapatam.	
Repairs to road on Trunk Road No. 6, with the port of Gopaulpore	290
South Arcot.	
Sundry roads at Cuddalore	2,000

	Rs.

* *Nellore.*	
Road from Ongole to Cumbum ...	3,920
Do. from the foot of the Raupoor ghaut to Goodoor	2,790
Tanjore.	
Road No. 36 from Nagore to Velangeny	5,640

10. The works noted in the margin have been struck out, pending the final disposal of the list of maintenance grants exceeding Rupees 2,500 each, received with the Order of Government, Revenue Department, dated 5th October 1867, No. 2,345. This list has been circulated to Collectors for their opinion, and their replies are now being received, and the Board will submit their final report shortly. There are, however, three* works in the list which have been included in the Budget, as they have already been ordered to be charged against the Road Fund.

11. Statement No. I. exhibits, at one view, the estimated receipts and charges on account of the District Road Fund for the ensuing official year. The receipts under this head are estimated at Rupees 22,31,600, and the balance expected to remain at the commencement of the year is Rupees 3,29,350, which, added to the last mentioned sum, makes a total of Rupees 25,60,950. This may be looked upon as the available assets of the year. The expenditure proposed amounts to Rupees 25,50,600, as shewn below, leaving a surplus balance of Rupees 10,350 at the end of 1868-69:—

	Rs.
Original works.	
Communications	14,31,020
Miscellaneous Public Improvements	70,140
Repairs.	
Communications	5,97,850
Miscellaneous Public Improvements	16,240
Total ...	21,15,250
Establishment at ten per cent. on the expenditure to be incurred by the Public Works Department ...	1,56,280
Do. for works under Revenue Department, Ferries and Toll-bars	55,950
Reserve at ten per cent. on the estimated receipts ...	2,23,120
Total ...	25,50,600

12. The following abstract shews the expenditure proposed for each district on account of original works and repairs by the Public Works and Revenue Departments, as well as the cost of supervision by the former department:—

Districts.	Original Works.		Repairs.		Total.			Public Works. Supervision at ten per cent.
	Public Works Department.	Revenue Department.	Public Works Department.	Revenue Department.	Public Works Department.	Revenue Department.	Total.

13. The Estimates of Receipts and Charges, on account of Funds other than the District Road, are entered in Statement No. 2. An abstract is given below :—

Funds.	Balance expected at the beginning of the year.	Receipts during the year.	Total.	Estimated charges during the year.	Balance.
	Rs.	Rs.	Rs.	Rs.	Rs.
Jungle Conservancy Fund ...	76,760	1,04,340	1,81,100	1,75,340	5,760
Cattle Pound Fund	1,01,810	1,57,700	2,59,540	1,81,950	77,590
Public Bungalow Fund	28,940	22,690	51,630	21,760	29,870

Town Fund in Madura	300	200	500	200	300
Irrigation Cess Fund in Trichinopoly and Coimbatore ...	18,910	52,710	71,620	52,110	19,510
Canal Fund in Madras	62,050	44,000	1,06,050	24,500	81,550
	4,14,090	5,88,920	10,03,010	7,04,180	2,98,830

14. Under the authority conveyed in paragraph 2 of Government Order, Revenue Department, dated 21st October 1867, No. 2,481, the transaction on account of the Cochrane and Sadras Canal Funds are shewn separately from those of the District Road Fund, and the Board have accordingly caused a separate Budget to be prepared in their Office.

15. The expected cash balance of the Fund on the 1st April 1868 is given as Rupees 62,050, and the estimated receipts during the year as Rupees 44,000, so that the sum available for expenditure in 1868-69 may be set down as Rs. 1,06,050. The expenditure proposed, as shewn in the separate Budget, (Enclosure No. 5,) is Rupees 24,500, which, if deducted from the available assets, leaves a surplus balance of Rupees 81,550. The Collector will, after communication with the Executive Officer in charge of the Canals, propose measures, as soon as possible, for utilizing this large balance.

16. The attention of the Collector of Madras is called to paragraphs 25 to 28 of the Board's Proceedings, dated 7th October 1867, No. 6,399, and he is requested to obtain and furnish, at an early date, the information therein called for.

Kistna.
North Arcot.
Tanjore.
Tinnevelly.
South Canara.

17. Only the Collectors noted in the margin have submitted the District Maps with their Budgets. The other Collectors have not furnished them, though the Board took the precaution to return the Maps received with the Supplemental Budgets with their Circular Memorandum, dated the 24th September 1867, No. 991, to enable the Collector to insert in them any fresh works which might be proposed for execution during the ensuing year. The want of these Maps has been much felt by the Board, and the Collectors concerned are requested to expedite the transmission of the Maps now due, and to take care, in future years, to guard against similar omissions. The Budgets also should be despatched in proper time, to obviate such serious delay, in the submission of the Board's General Budget to Government, as has taken place on the present occasion.

No. 234. ORDER THEREON, 12th February 1868, No. 395.

Local Funds, No. 13.
Account.

1. With the Proceedings above recorded, the Board of Revenue submit the Budget Estimates of Receipts and Charges on account of the several Local Funds for 1868-69.

District Road Fund.

2. The balance of the District Road Fund at the commencement of the year is estimated at Rupees 3,29,350, and the receipts during the year at Rupees 22,31,600. These two sums together, or the total amount of Rupees 25,61,000 in round numbers, will be available for expenditure on district roads in the ensuing year. The introduction of the Road Cess has added greatly to the "Local" resources.

3. The expenditure proposed by the Board amounts to Rupees 25,50,600, as shewn in the subjoined table:—

	To be spent by the Department of Public Works.	To be spent by the Revenue Department.	Total.
	Rs.	Rs.	Rs.
New Works	11,79,950	3,21,210	15,01,160
Repairs	3,82,800	2,31,290	6,14,090
Establishment	1,56,280	55,950	2,12,230
Reserve	.....	.....	2,23,120
Grand Total ...	17,19,030	6,08,450	25,50,600

4. The very late date at which this Local Fund Budget was submitted, and the necessity for including the items of expenditure to be made by the Department Public Works in the General Public Works Budget, the submission of which to the Government of India could not be delayed, preclude the Government from making any close revision of the allotments proposed by the Board, which are therefore sanctioned for adoption; but the Board will issue peremptory instructions to the several Collectors, in order to obviate such delay in future. They do not specify the Officers who on this occasion disregarded the instructions frequently issued for the punctual submission of the Budgets, and they will be requested to do so in case of future similar neglect.

5. The Government remark that the Budget comprises many new works, the estimates for which have not received sanction, and no relaxation of the rules in this respect is to be assumed from the present sanction. Such of these works as are to be executed by the Public Works Department are particularized in the General Public Works Budget, and orders will be issued from the Public Works Department prohibiting the Superintending Engineers from commencing any of them before the estimates receive sanction, or the special permission of Government is obtained in cases in which any deviation from the rule may be considered desirable. A list of the works to be executed by the Revenue Department, for which estimates have not been submitted to Government, is appended to this order, and the Board will issue similar instructions to the Collectors on this point.

6. Much valuable time will be lost if the estimates are not submitted so as to receive sanction before the beginning of the year, and the Superintending Engineers and Collectors should place themselves in a position to prosecute the works vigorously, immediately the allotments for the year become available.

7. In paragraph 5 of their Order dated 23rd November 1866, No. 3,213, the Government desired that the available funds should not be frittered away on minute portions of numerous scattered works, *which would be in progress, and comparatively useless for years.* In the Budget now before Government, there are several instances in which this principle has not been maintained, and this is particularly the case in the Tinnevelly District, as is evidenced by the instances noted in the margin.

	Estimated amount.	Expenditure up to 1867-68.	Allotment for 1868-69
	Rs.	Rs.	Rs.
Road from Tinnevelly to Strivycoontum, No. 163	44,400	5,000	5,000
Do. from Palamcottah to Trichendoor, No. 164	30,000	.....	4,000
Do. from south Madalur to Road No. 12, No. 165	6,000	.....	1,000
Do. from Strivycoontum to Armugamangalum, No. 166	10,000	.....	1,000
Do. from Tentiruperi to Attur, No. 167	10,000	.....	1,000
Do. No. 1 from Madura to Quilon, No. 172	38,000	5,000	5,000
Do. from Solasary to Vasadevanalloor, No. 174	30,000	.....	2,000

8. The Government recognize the fairness of distributing the funds as widely as can usefully be done over the area from whence they are derived, but very little advantage can be anticipated from the system illustrated by the above, and it seems desirable that the Collector should revise the allotments to some extent, with the concurrence of the Superintending Engineer and the Board's approval.

9. The Board have already been requested* to report as to the allotment to be made for "Tools and Plant," with reference to paragraph 15 of the Proceedings of Government in the Public Works Department, dated 20th December 1867, No. 3,950. Provision will also be needed for "Petty Establishments" under the G. O., dated 22nd January 1868, No. 164.

* Proceedings, 8th January 1868, No. 52.

10. The reserve of Rupees 2,23,120 will afford means for meeting these further charges, unless the Board desire in preference to revise their Budget allotments to some extent.

11. The Board's attention was drawn by paragraph 30 of the Order of Government, dated 23rd November 1866, No. 3,213, to the fact that the duty of keeping the roads in repair is almost entirely thrown on the Public Works Department, although as in most cases no professional skill is required in executing the repairs, they might be superintended by the Revenue Department, and they were requested to see to this matter. The Budget now before Government does not shew much improvement in this respect. Out of the entire allotment of Rupees 6,14,090 for repairs, the sum of Rupees 3,82,800 is assigned to the Public Works Department, the remainder only being reserved for the Revenue Department. The Government noticed, in reviewing the Budget for 1867-68, that in Nellore, Cuddapah, Bellary, and Kurnool, the repairs were altogether left to the Public

No. 234. ORDER THEREON, 12th February 1868, No. 395.

Local Funds, No. 13.
Account.

1. With the Proceedings above recorded, the Board of Revenue submit the Budget Estimates of Receipts and Charges on account of the several Local Funds for 1868-69.

District Road Fund.

2. The balance of the District Road Fund at the commencement of the year is estimated at Rupees 3,29,350, and the receipts during the year at Rupees 22,31,600. These two sums together, or the total amount of Rupees 25,61,000 in round numbers, will be available for expenditure on district roads in the ensuing year. The introduction of the Road Cess has added greatly to the "Local" resources.

3. The expenditure proposed by the Board amounts to Rupees 25,50,600, as shewn in the subjoined table:—

8. The Government recognize the fairness of distributing the funds as widely as can usefully be done over the area from whence they are derived, but very little advantage can be anticipated from the system illustrated by the above, and it seems desirable that the Collector should revise the allotments to some extent, with the concurrence of the Superintending Engineer and the Board's approval.

9. The Board have already been requested* to report as to the allotment to be made for "Tools and Plant," with reference to paragraph 15 of the Proceedings of Government in the Public Works Department, dated 20th December 1867, No. 3,950. Provision will also be needed for "Petty Establishments" under the G. O., dated 22nd January 1868, No. 164.

* Proceedings, 8th January 1868, No. 52.

10. The reserve of Rupees 2,23,120 will afford means for meeting these further charges, unless the Board desire in preference to revise their Budget allotments to some extent.

11. The Board's attention was drawn by paragraph 30 of the Order of Government, dated 23rd November 1866, No. 3,213, to the fact that the duty of keeping the roads in repair is almost entirely thrown on the Public Works Department, although as in most cases no professional skill is required in executing the repairs, they might be superintended by the Revenue Department, and they were requested to see to this matter. The Budget now before Government does not shew much improvement in this respect. Out of the entire allotment of Rupees 6,14,090 for repairs, the sum of Rupees 3,82,800 is assigned to the Public Works Department, the remainder only being reserved for the Revenue Department. The Government noticed, in reviewing the Budget for 1867-68, that in Nellore, Cuddapah, Bellary, and Kurnool, the repairs were altogether left to the Public

Works Department. The same state of things continues in Cuddapah and Bellary and in Nellore, the expenditure of only 1,000 Rupees out of Rupees 13,000 is to be superintended by the Revenue Department. In Kurnool the whole of the repairs are to be made by the Revenue Department, while in Vizagapatam just the reverse is the case, and in many other districts* the sums allotted for the Revenue Department are out of all proportion to those proposed for the Public Works Department. The Government notice considerable improvement in three districts† in this respect, and they do not see any reason why the same course cannot be followed generally. The Board will be again requested to give their attention to this subject.

	P. W. Dept.	Rev. Dept.
	Rs.	Rs.
* Ganjam	17,160	300
Godavery	14,580	2,000

† Madras	2,050	14,280
Tanjore	7,890	57,110
Salem	8,280	62,670

12. The Government notice with displeasure the unsatisfactory manner in which the District Road Fund Budgets of Cuddapah and Bellary are stated to have been submitted.

13. The separate Budget of expenditure proposed to be incurred from the "Cochrane's and Sadras Canal Funds," submitted by the Board of Revenue, is passed. Separate orders have been issued for expending the large balance‡ under this head on the extension of the line of communication.

	Rs.
‡ Probable available sum	1,06,050
Proposed expenditure	24,500
Balances...	81,550

14. The estimates of receipts and charges on account of the other funds noted below are passed:—

	Probable balance at the beginning of the year.	Probable receipts during the year.	Total amount available.	Proposed expenditure.
	Rs.	Rs.	Rs.	Rs.
Jungle Conservancy Fund	76,760	1,04,340	1,81,100	1,75,340
Cattle Pound do.	1,01,810	1,57,700	2,59,340	1,81,950
Public Bungalow do.	28,940	22,690	51,630	21,760
Endowment do.	1,25,250	2,07,280	3,32,570	2,48,320
Town Fund, Madura	300	200	500	200
Irrigation Cess Fund in Trichinopoly and Coimbatore.	18,910	52,710	71,620	52,110

15. The Government must again urge upon the Board the importance of fully utilizing the Jungle Conservancy Fund. There was a large accumulated surplus at the close of 1865-66, and the expenditure in no year up to that period had exceeded Rupees 56,662. The Budget Estimates of the three§ following years provided for the expenditure of large sums, but the report of the actual transactions of 1866-67 has not yet been submitted. The Government

	Rs.
Available amount	1,88,878
Expenditure...	56,662
Balances...	1,32,216
§ 1866-67	1,23,010
1867-68	1,56,826
1868-69	1,75,340

Proceedings of the Madras Government, Revenue Department, 12th February 1868.

trust that it may shew marked progress, and explain clearly how the money has been laid out. The Government are aware that the expenditure under this head is chiefly in planting topes, but the transactions should have become extensive enough to render a detailed Budget statement desirable. This should shew the localities in each district at which new plantations are to be formed, the proposed extent of each plantation, the description of the trees proposed to be planted, the number of wells to be sunk, and the first (estimated) cost of the operations. It should also exhibit briefly the cost of establishments maintained for the care of topes already planted, which charge should diminish gradually with the growth of the plantations. The Board will furnish a form to the Collectors.

16. The Board have again omitted to conform to the rule that round sums should be used as much as possible in the Budget Estimates.

Abstract Statement of Receipts and Charges, estimates on account of Several Local Funds other than the District Road Fund Revenue for 1868/69.

Rec 3362/67

P. 12th February 1868

D 233

Revenue Department

No 395

Proceedings of the Madras Government

Under date the 12th January 1868.

Read the following Proceedings of the Board of Revenue —

Submitting Local Fund Budget of Receipts and Charges for 1868-69. } (Rec'd 11th Dec. 1867.)

1. With the Proceedings above recorded, the Board of Revenue submit the Budget estimates of Receipts and Charges on account of the several Local Funds for 1868-69.

2. The balances of the District Road fund at the commencement of the year, is estimated at

Rs.

District Road Fund —

Rs 329,350 and the
receipts during the
year at Rs 2231,600. These
two sums together or
the total amount of
Rs 25,61,000 in round
numbers will be avai-
lable for expenditure on
District Roads in the
ensuing year. The intro-
duction of the Road
Cess has added greatly
to the Local resources.

3. The expenditure pro-
posed by the Board
amounts to Rs 2550,600-
as shewn in the
subjoined table.

New

6 to 9

24

	To be spent by the Depart of Public Works	To be spent by the Road Department	Total
	Rs	Rs	Rs
New works	11,79,950	3,21,210	15,01,160
Repairs	3,82,800	2,31,290	6,14,090
Establishment	1,56,280	55,950	2,12,230
Reserve			223,120
Grand Total	17,19,030	6,08,450	25,50,600

4. The very late date
at which this Local
Fund Budget was sub-
mitted, and the neces-
sity for including the
items of expenditure to be
made by the D. P. W. in
the general P. W. Budget
the submission of which
to the Government of India
could not be delayed pre-
cludes the Govt from making
any

any close revision of
the allotments proposed by
the Board which are
therefore sanctioned for
adoption but the Board will
issue peremptory instructions
to the several Collectors in order
to obviate such delay in future.
They do not specify the officers
who on this occasion disregarded
the instructions frequently issued
for the punctual submission of the
Budgets and they will be requested
to do so in case of future similar
neglect.

The Govt point out that the
Budget comprises many new
works, the estimates for which have
not received sanction and no relaxa-
tion of the rules in this respect is
to be assumed from the present sanc-
tion. Such of these works as are to be
executed by the P.W. Deptt are particu-
larized in the general P.W. Budget and
orders will be issued from the
Public

7 4

Public Works Department
prohibiting the Superintend-
ing Engineers from com-
mencing any of them before
the estimates receive sanc-
tion, or the special permis-
sion of Govt is obtained in
cases in which any deviation
from the rule may be con-
sidered desirable. Each
of these works to be exe-
cuted by the Revenue Deptt
for which estimates have
not been submitted to
Govt is appended to this
order and the Boards
will issue similar in-
structions to the Collectors
on this point.

6. Much valuable time
will be lost if the esti-
mates are not submitted

~~Last~~ time to receive sanction before the beginning of the year and the Superintending Engineers and Collectors should place themselves in a position to prosecute the works vigorously, immediately the allotments for the year become available.

In para 6 of their order dated 23d Novr 1866, No 3213, the Government desired that the available funds should not be frittered away on minute portions of numerous

numerous scattered works, which would be in progress and comparatively useless for years. In the Budget now before Government, there are several instances, in which this principle has not been maintained, and this is particularly the case in the Tinnevelly District, as is evidenced by the last three noted in the margin.

	Estimated amount	Expenditure upto 31st March 1868	allotment for 1868-69.
	Rs	Rs	Rs
Road from Tinnevelly to Stonycoombum No 163	44,100	5,000	5,000
Do from Palamcottah to Kuchenoor No 164	30,000	"	4,000
Do from South Mudalem to Road No 12 - No 165	6,000	"	1,000
Do from Stonycoombum to Ammuzamangalam No 166	10,000	"	1,000
Do from Tentirapeiri to Attur No 169	10,000	"	1,000
Do No 1 from Madurai Dindigul No 172	38,000	5,000	5,000
Do from Solavandanam to Vasudevanallore No [illegible]	30,000	"	2,000

8th The Government

recognise the fair-

ness of distributing

the funds, as widely

as can usefully be

done over the area

from whence they

are derived - but very

little advantage can

be anticipated from

system illustrated

by the above - and yet seems

desirable

Pro: 8th Aug. 1868, No 52 -

desirable that the

Collector should revise

the allotments to some

extent, with the concur-

rence of the Superintg Engr

and the Board's approval

9 The Board have

already been requested

to report as to the allot-

ment to be made for

"Tools and Plant" with re-

ference to para 15 of the

Pro: of Govt in the Public

Works Department dated

20th December 1867. No

3950 - Provision will also

be needed for "Petty Es-

tablishments" under the

Go: date 22d Jany 68 No 164

10 The Reserve of Rs

2,23,120 will afford means

for meeting these further

charges, unless the Board

desire in preference to

revise their Budget allo-

tments to some extent -

11 The Board's attention

is

was drawn by para 30 of the order of Govt dated 22nd November 1866, No 3,213 to the fact that the duty of keeping the roads in repair is almost entirely thrown on the Public Works Department, although in most cases no professional skill is required in executing the repairs they might be superintended by the Revenue Department, and they were requested to call to this matter — the Budget now before Government does not show much improvement

HH

improvement in this respect — Out of the entire allotment of Rs 6,14,090 for Repairs, the sum of Rs 3,82,800 is assigned to the P.W. Department, the remainder, being only 1, being assigned for the Revenue Department — The Government notices in like manner the Budget for 1867/68 that in Nellore, Cuddapah, Bellary and Kurnool the repairs were altogether left to the P.W. Depart — The same state of things continues in Cuddapah

and Bellary and in Nellore the Expenditure of only 1,000 Rs out of Rs 13,000 is to be supplemented by the Railway Department. In Kurnool the whole of the repairs are to be made by the Railway Department, while in Vizagapatam just the reverse is the case, and in many other Districts the sums allotted for the Railway Department are out of all proportion to those proposed for the P.W. Department. The Govt notice considerable improvement in these Districts in this respect, & they do not all any reason why the same course cannot be followed generally. The Board will be again requested to give their attention to this subject.

	P.W. Dept Rs	Rev. Dept Rs
Ganjam	17,900.	500.
Godavery	14,380.	2,000.
North Arcot	50,670.	10,860.
South Arcot	55,400.	470.
Trichinopoly	11,300.	1,200.
Tinnevelly	26010.	5900.
Coimbatore	47,400.	19,070.

	P.W. Dept Rs	Rev. Dept Rs
* Madras	2,050.	14,280.
Tanjore	7,890.	57,110.
Salem	8,280.	62,670.

* Probable available sum — Rs 106,050
Proposed expenditure — 24,500
Balance — 81,550

12. The Government notice with displeasure the unsatisfactory manner in which the District Road Fund Budgets of Cuddapah and Bellary are stated to have been submitted.

13. The separate Budget of expenditure proposed to be incurred from the "Cochrane and Madras Canal Funds" submitted by the Board of Revenue is approved. Separate orders have been issued for expending the large balance under the head on the extension of the line of communication.

14. The estimates of Receipts and Charges on account of the Salt Fund

Funds noted below are passed.

	Probable balance at the beginning of the year.	Probable receipts during the year.	Total amount available	Proposed expenditure
	Rs.	Rs.	Rs.	Rs.
Jungle Conservancy Fund	74,760	101,340	181,100	175,340
Cattle Pound Do.	101,840	157,700	259,540	181,950
Public Bungalow Do.	28,940	22,690	51,630	21,760
Endowment Do.	125,290	207,280	332,570	248,320
Town Fund - Madura	300	200	500	200
Irrigation Cess Fund in Trichinopoly and Coimbatore	18,910	52,710	71,620	52,110

15. The Govt must again urge upon the Board the importance of fully utilizing the Jungle Conservancy fund. There was a large accumulated surplus at the close of 1865/66 and the expenditure in no year up to that period had exceeded Rs 66,662. The Budget estimates of the ~~next~~ following years provided for

	Rs
Available amount	188,678.
Expenditure	66,662.
Balance	132,216.

× 1866/67 - 123,010.
1867/68 - 156,826.
1868/69 - 175,340.

for the expenditure of large sums, but the report of the actual transactions of 1866/67 has not yet been submitted. The Govt trust that it may show marked progress, and explain clearly how the money has been laid out. The Govt are aware that the expenditure under this head is chiefly in planting topes, but the transactions should become extensive enough to render a detailed Budget statement desirable. This should show the localities in each district at which new plantations are to be formed, the proposed extent of each plantation, the description of the trees proposed to be planted, the number of wells

wells to be sunk, and the first (estimated) cost of the operations - Items should also exhibit in brief the cost of establishment maintained for the care of topes already planted, which charge should diminish gradually with the growth of the plantations - The Board will furnish a form to the Collectors -

16. The Bd have again omitted to conform to the rule that round sums should be avoided as much as possible in the Budget Estimates -
