No. 267. Read the following Proceedings of the Board of Revenue, dated 7th February 1868, No. 942:—

Read the following letter from the Collector of Salem, to the Secretary to the Board of Revenue, dated on Circuit at Womalur, 18th January 1868, No. 12.

1. I have the honor to request that the Board will be good enough to obtain the sanction of Government for taking the lands specified in the enclosed list under Act No. VI. of 1857. The lands in question are required for the water-spread of a tank about to be built at Valyaputty in the Namkul Talook. The total extent that will be submerged by the construction of the tank is acres 53-24-3, assessed at Rupees 147-14-7; of these the owners of land measuring acres 35-30-1, assessed at Rupees 101-11-2, are unwilling to give up their lands on any terms; hence, the necessity for this application. The Deputy Collector, Mr. Leggatt, has estimated the value of the lands and the wells in them at Rupees 2,187, and I believe it to be a fair approximate value.

2. The work has already been sanctioned by Government in Government Order of the 14th December 1866, No. 3,938, and I request that the permission now sought for may be given as speedily as possible, as there are only three months in the official year remaining, and as it is necessary to provide labor to some extent to the laboring classes.
