MILITARY DEPARTMENT.

PROCEEDINGS OF THE MADRAS GOVERNMENT.

Read the following papers:—

From the Controller of Mily. Accts. 12th December 1867, A.
From " " " " " " 13th January 1868, E.

From the Controller of Military Accounts, Fort Saint George, 12th December 1867, A; to the Secretary to Government, Military Department.

I have the honor to forward, for submission to Government, a letter from the Examiner Pay Department, dated 9th December 1867, No. 2775, with enclosures.

2. Major Dance, Commanding the Heavy Battery at Secunderabad, appeals against classification with respect to License tax in the 3rd instead of the 4th class, involving an additional payment of Rupees 80, to which he does not consider himself liable.

3. He urges that the command allowance of Rupees 250 is in lieu of contract allowances granted to Officers in command of other Batteries which are exempt.

4. With reference to this, it is to be observed that the sum of Rupees 250 is a command, and not a contract allowance, and is not held to include any contingent or contract allowance. On the contrary, it is provided that repairs to the Heavy Battery are to be effected by the Artificers of the Battery or in the Station Arsenal.

5. But should his argument, as regards the command allowance being in fact a contract allowance, not be admitted, he urges that he can claim exemption on the amount spent on the office of two Batteries—5th Battalion 20th Brigade Royal Artillery and Heavy Battery—averaging Rupees 68 monthly, and an extra batta, Rupees 91-5-0, as a temporary allowance.

6. With reference to these items, I would remark that there is no office allowance issuable to Major Dance, and whatever he may spend in connection with his duties from the command allowance is an ordinary expenditure, for which Government do not contemplate any separate contract allowance; and that extra batta is an emolument, and not a contract allowance, or a temporary allowance in the sense of the exemption—it is invariably taxed.

7. Major Dance receives Rupees 743-10-0 permensem. of which Rupees 178-15-0 only are exempt from the operation of the tax, leaving an annual income of Rupees 6,776-5-0 liable thereto.

From the Pay Examiner, Fort Saint George, 9th December 1867, No. 2775; to the Controller of Military Accounts.

In forwarding an appeal of Major Dance, Commanding No. 5 Battery, 20th Brigade, Royal Artillery, against a retrenchment issued by this office of the difference between assessment of License tax between Rupees 20 under class IV and Rupees 100 under class III, I have the honor to state that the disallowance is in accordance with the instructions contained in your letter, No. 264, 11th June 1867, to the address of the above Officer.

2. Major Dance's receipts are as follows:—

Pay and Indian allowance...	...	...	Rs. 433 10 0
Command allowance...	...	...	„ 250 0 0
Horse allowance...	...	...	„ 60 0 0
Total Rupees...			743 10 0

3. Under paragraph 3 of Controller's Circular, No. 15, dated 20th May 1867, the following items in Major Dance's allowances are exempt payment from tax,

Horse allowance ..	...	...	Rs. 60 0 0
Tentage...	...	...	„ 75 0 0

Total annual receipts Rupees 6,776 5 0

which, being in excess of Rupees 6,000, should be assessed under Class III.

4. Major Dance submits that his command allowance is in substitution of contract allowances, and that as the latter are exempt, a certain portion of those drawn by him, viz. the equivalent of what is drawn in other Batteries, should equally be exempt.

5. On this point I would simply observe that under G. O. G., No. 274 of 1863, the repairs connected with the Heavy Battery are effected either by the Artificers or in the Station Arsenal, and that the command allowance authorized for the Commanding Officer, Rupees 250, is declared to include no contingent or contract allowance

From Captain (Major) E. W. DANCE, Commanding No. 5 Battery 20th Brigade Royal Artillery, Secunderabad, 16th November 1867, No. 390; to the Controller of Military Accounts, Fort Saint George.

I have the honor to solicit that the following question may be submitted for the favorable consideration of His Lordship the Governor in Council, viz:—Am I, who, in Command of the Heavy Field Battery, draw far less income than the Officer Commanding a Horse Artillery Battery in this station, to be taxed Rupees 80 for license, while the Horse Artillery Commandant is taxed but Rupees 20, for license, or may I be relieved from the heavier rate of payment of Rupees 80, which has been enforced by the Pay Examiner, against which judgment I respectfully appeal, under the following circumstances:

In the first place, the great number of carriages in this Battery would, if entitling me to the usual rate of all other Field Batteries, of Rupees 15 per gun carriage and wagon, also for each spare wagon, cart, &c., Rupees 5 each, monthly, give me a gun allowance of $6 \times 15 = 180$ Rupees, and a spare cart and wagon allowance of $24 \times 5 = 120$ Rupees; also in any Battery but this, the allowance of Rupees 30 for Company allowance, and of Rupees 30 for repair of arms are authorised—which would be a total of Rupees 360. For the half Company of Drivers at Cuttack and for that at Mangalore, Rupees 20 each are allowed for stationery and command allowance, and comparing the strength, the bullock establishment here exclusive of elephants is equal to four such half Companies. So, for this alone, the equivalent would be Rupees 80, making a total of Rupees 440. In lieu of all these allowances, which I do not receive, I have Rupees 250 command allowance specially granted in this Battery. Thus I have proved that Rupees 250, command allowance, is as an equivalent for loss of all contracts, and under paragraph 4, Circular No. 15, Military Account Department, dated 20th May 1867, contract allowances are exempted from License tax. But if this be thrown out, the following grounds would exempt me even if my command allowance be taxed.

Allowance to meet any disbursement on the public service is by paragraph 6 of the above Circular exempted, therefore as my office expenses for two distinct Batteries—5 Battery 20th Brigade Royal Artillery, and Heavy Field Battery, Hyderabad Subsidiary Force—average 68 monthly, I claim exemption of the Rupees 68 from License tax; but this is disallowed by the Pay Examiner, in retrenchment of which copy is attached. Again my pay as Captain, Royal Artillery, includes “extra batta,” Rupees 91-5-0, as per table A, Pay and Audit Regulations, section XVII, page 438, and No. 1198, memorandum dated 7th June 1867, from Pay Examiner's Office, exempts from assessment all temporary and other allowances not the substantive pay, extra batta is *not* substantive pay, as per table A, above quoted, where is the note. “The pay, half batta, and gratuity of European Officers, * * * are included in one sum under the denomination of “pay and Indian allowances, leaving *extra batta*, house-rent, tent and horse allowance, to be “separately drawn according to this table.”

House-rent, tent and horse allowances are exempted, why not extra batta also, as *not* substantive pay?

I trust that I have proved that by the *letter* of the orders, I have been correct in claiming exemption from income tax for extra batta and office expenses, which, if admitted, leave a balance only subjecting me to License tax of Rupees 20, and I also trust that it will be seen that the spirit of the orders of Government, is that a Captain Commanding a Horse Artillery Troop, with far more clear income annually than I have, should not be taxed at Rupees 20, while I am taxed at Rupees 80. I therefore respectfully beg the order of Government for refund of the extra Rupees 60 retrenched from me.

Approved and passed.

RS. A. P.	RS. A. P.	Extra batta Rupees 91-5-0, and office expense Rupees 68, do not come under the item of exemption, consequently have been struck out, thus making Major Dance's receipt to be Rupees 564-11-1 monthly, which being more than Rupees 5,000, and under Rupees 10,000, must be assessed under Class III. Major Dance is therefore liable to License tax of Rupees 100. The difference Rupees 80 will accordingly be recovered and debited in the next general state under License tax. (Sd) J. W.
