*Proceedings of the Madras Government, Revenue Department,
7th January 1868.*

No. 91. Read the following letter from the Officiating Conservator of Forests, to the Secretary to Government, Revenue Department, Fort St. George, dated Camp at Ootacamund, 28th December 1867, No. 453 :—

There is a large elephant establishment in the Anamallay forests, but we have never had an Elephant Hakeem, or regular Foujdar, on the establishment. Two elephants and one small calf have died within the last year, and I think it very desirable that the services of an Elephant Hakeem or a Foujdar, experienced in elephant pathology, should be at once obtained for the care of the elephants borne on the strength of the Forest Establishment. I have the honor to request that Rupees 25 per mensem may be sanctioned for the same, and would suggest that the Commissary General should be asked to supply a competent man from the Establishment at Hunsur, or elsewhere.

No. 92. ORDER THEREON, 7th January 1868, No. 47.

Forests, No. 6.

1. The Government approve the proposed addition to the Forest Establishment in the Anamallays, which will be included in the next Monthly Statement forwarded to the Supreme Government.

2. It will be ascertained, through the Military Department, whether the Commissary General can supply a properly qualified man for the post.
