*Proceedings of the Madras Government, Public Works Department,
27th February 1868.*

From the Deputy Collector, to the Collector of Bellary, dated Camp at Gooty, 25th January 1868,
No. 1.

1. I have the honor to return the Progress Report, "regarding the transfer of Railway lands and the settlement of compensation," forwarded to me with your remark recorded on its review, and to state that English Registers of the lands hitherto transferred to the Railway Company under Class A., B., C., and D., have been completed, and the settlement of compensation for Puttah lands and for the personal Inams, whose proprietors desired to receive their value in money, have been brought to a close in this month.
2. Bills and Registers, for submission to the Consulting Engineer, are under preparation, and will take two or three months for their completion. Of the two Clerks temporarily allowed for their preparation, one on 30 Rupees has been entertained, and the place of the other, on Rupees 17, has been vacant since November last, as no competent hand is procurable to fill it.
3. Statements showing the exchange of lands and reduction of quit-rent for Inams taken for the Railway purposes have been received partly from the talooks, and reminders have been sent for the rest. On their receipt, the English Statements will be prepared and submitted for sanction.
4. In order to dispose of the whole work now in hand in this office and expected from the talooks in connection with the Railway lands, I think it will take five or six months hence, and until that time the aid of the two temporary hands now allowed will be necessary; any balance of work that may remain after that period can be disposed of by the permanent establishment of the office.
5. It will not be out of place to add that although the work in connection with the Railway is to be held as my chief duty, yet I am unable to devote the whole of my attention and time to the same. The other revenue and magisterial, cannot be delayed for any length of time.

No. 616.
