*Proceedings of the Madras Government, Public Works Department,
27th February 1868.*

No. 640. Read the following letter from the Controller of Public Works Accounts:—

Submits for the orders of Government an application from the Superintending Engineer of the 7th Division for sanction to an excess outlay of Rupees 9,500 on account of Petty Establishments. (Here enter 18th February 1868, No. 4,288.)

No. 641. ORDER THEREON, 27th February 1868, No. 663.

ACCOUNT, No. 55.

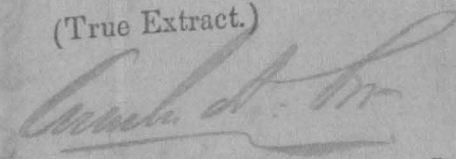

1. The Government must decline to authorize any special appropriation of funds to cover the large excess outlay of Rupees 9,500 on account of Petty Establishments employed in the 7th Division during the current official year. The charges under this head must be met from the Budget provision of Rupees 1,80,000, which, in the opinion of Government, will be found to be considerably in excess of actual requirements, if the establishments employed and charged as "Petty" are such as are contemplated by the Government of India.

2. In the Public Works Code* of that Government, it is laid down that persons entertained in connection with the execution of a specific work, either as artisans or for purposes of subordinate supervision, who are paid either by the day or by the month, and whose employment ceases with the cessation of progress on the work, finally or temporarily, belong to the category of day laborers, and should not be regarded as establishments, but be charged for in the accounts of the work on which they are employed. It is clear that, under this ruling, the wages of Head Bricklayers, Head Carpenters, Head Masons, Maistries, Superintendents, &c., employed upon specific works are not debitable to "Establishments," and the Controller will be careful to see that such charges are duly included in the accounts of expenditure on works, and that no outlay under "Petty Establishments" is in future admitted unless the persons whose salaries are charged for are employed on general duties.

3. These orders will supersede all such as may have been previously issued upon this subject, and the Controller will be requested to communicate with the Superintending Engineers, and obtain from them particulars of the Petty Establishments, as defined in these Proceedings, which are likely to be required in each district during the ensuing official year.

4. The Government hope, on receiving the statements of the Superintending Engineers, to be in a position to appropriate to other heads of service a not inconsiderable portion of the budget allotment for 1868-69 under "Petty Establishments." Charges under this head will be pre-audited from and after the 1st April next.

(True Extract.)

Colonel, R. E.,
Secretary to Government.

To the Superintending Engineers.
Controller of Public Works Accounts.
To Captain Kennedy.
To the Revenue Department.
