Exd. F. R. Bantleman.

*Proceedings of the Madras Government, Public Department,
27th Februray 1868.*

No. 210. Read the following letter from the Collector of Salem, to the Chief Secretary to Government, Fort Saint George; dated Mullur, 18th February 1868, No. 10.

I have the honor, with reference to your Telegram of the 15th instant, to inform you that the number of deaths from cholera during the last week has been one hundred and twelve. This is about ten per cent. of the number attacked. The two Dressers from Madras and the Medical hands available at Salem have been told off to different parts of the town. The Municipal Commissioners have also adopted all the measures in their power to arrest the spread of the disease. The number of scavenger carts has been increased, and every attention is paid towards the cleanliness of the town. A number of watchmen have been posted all along the river, under a Superintendent, to prevent the committing of nuisances on its banks and the fouling of the water, which is the main source of supply to the town.

No. 211. ORDER THEREON, 27th February 1868, No. 260.

The Governor in Council learns with regret that cholera has been so fatal at Salem. The sanitary and medical measures taken are approved.

(True Extract).

Ch. Walker
Chief Secretary.

To the Collector of Salem.

„ Sanitary Commissioner.

„ Inspector General, Indian Medical Department.
