Proceedings of the Madras Government, Revenue Department, 7th March 1868.

No. 101. Read the following letter from the Cotton Commissioner, Central Provinces, to the Secretary to the Government of Madras, dated Camp near Akola, 15th February 1868, No. 464 :—

1. I have duly had the honor of receiving your letter regarding the Hinganghat Cotton seed required for experiments in the Madras Presidency.

2. I should have acknowledged this letter before, were it not that I had hoped ere this to have been able to advise you of the despatch of the seed. But, as you are perhaps aware, the season has been late, and hence the delay in forwarding the quantity required, which of course must be fresh seed. The packages are however, now ready for despatch, and as the sowings do not commence until June, they will doubtless reach Madras in good time.

3. I hope I may be permitted to say that I am extremely glad to see that so much interest is taken in the Madras Presidency to extend the cultivation of this class of Cotton, and I would beg to assure you that I shall be extremely glad if I can afford any further assistance in this or in any other matter connected with Cotton cultivation.
