

Diarrhoea

Mr. B. C. Leggett

Deputy Collector Nament Division Salem District

Age: ^{years} 27 - ^{months} 3 Service ^{years} 10 - ^{months} 3

Temperament Bilious - Habits temperate.

I can only give a brief statement of Mr. Leggett's case, as he is for the most part out in the District, and not under my immediate care and treatment. He has been suffering for some months past from looseness of Bowels, feverish attacks, the symptoms of being generally out of sorts. The Messrs in charge of his Sub-division in his statements of Mr. Leggett's case, reports seven such attacks. They are characterized by looseness of Bowels, a certain amount of fever, pain in right side - abdominal pains, passage of blood from internal Hemorrhoids, general uneasiness, loss of appetite weakness.

The 1st attack recorded is November 23rd.

He was ill and under treatment to the 28th.

2^d December 11th to 16th.

29.4.46

3^d January 19th to 25th
4th March 9th to 17th
5th April 3^d to 11th
6th April 16th to 18th
7th May 17th to 22^d

Mr Leggath in the months of April and May also came in to Salem to consult me. He has for the past three weeks been living in Salem and had another of these attacks about a week ago. They are I think dependant on Functional disorder of Bowels and Liver. His general health and strength being somewhat impaired by the continued recurrence of these attacks. I think a month's change to a cooler climate will be beneficial, so recommend him for 30 days sick leave to the Kielgherries.

I, William Howland Roberts, M.D.
Gillies Surgeon of Salem, do hereby certify
on honor that, Mr P. C. Leggath
Deputy Collector of Customs
Salem

Salem District, is in a bad state of health; and I sincerely declare that, according to the best of my judgment, a change of air is essentially necessary to his recovery, and that the circumstances of his case are such as to render leave of absence for the period of 30 days highly desirable.
