Proceedings of the Madras Government, Revenue Department,

1st April 1868.

No. 23. Read the following Proceedings of the Board of Revenue, dated 21st March 1868, No. 2,027.

Read the following letter from the Collector of Tinnevely, to the Secretary to the Board of Revenue, dated 15th February 1868, No. 65 :—

1. With reference to Board's Proceedings, No. 7,382, dated 12th November 1867, I have the honor to inform you that I have visited Tuticorin and found the stone flooring of the Aquaria room completed, and the cisterns set up on their stands. Captain Phipps has been successful in cementing the broken slabs, and has overcome all difficulties so far; the tubing supplied is too short, and some vulcanized Indian rubber tubing to add to it has been sent for from Colombo.

2. I found the Master Attendant's and Sea Custom Superintendent's Offices completed, and apparently well adapted for the purpose for which they were built; the upper-rooms and verandahs require matting, as the chunam flooring is already beginning to get cut up; a very durable material made on the spot from Cocoanut fibre can be laid down for 150 Rupees, and I request sanction for this amount from the Port Fund.

1. Submitted for the information of Government, with reference to their Order, dated 2nd November 1867, No. 2,590.

2. The Collector will be requested to state why he proposes that the charge for Mats in the Sea Custom Office should be met from the Port Fund.

No. 24. ORDER THEREON, 1st April 1868, No. 857.

Miscellaneous.

Ordered to be recorded.
