*Proceedings of the Madras Government, Revenue Department,
8th April 1868.*

No. 186. Read the following Proceedings of the Board of Revenue, dated 31st March 1868.

Read the following letter from the Collector of Madras, to the Secretary to the Board of Revenue, dated Sydapet, 27th March 1868, No. 92:—

1. I have the honor to report on the state of the season.
2. No change of any importance has occurred since the date of my last report. No rain having fallen, all agricultural operations on any extended scale are at a stand still. The health of the people is generally good, although small-pox prevails more or less all over the district.
3. The health of the cattle also has much improved. The disease called Vakkai has almost entirely disappeared, which is apparently due to Mr. Thacker's remedy of segregation.
4. I have just finished the settlement of the Trivellur talook, and find that the outturn of the season is about three-fifths of what it was last year; the liberal remissions, however, that have been granted, and the large sums of money proposed to be spent from the usual agricultural allotment and special famine funds will, I trust, prevent any thing like real distress being felt amongst the laboring poor in that alook. Water for cattle is of course getting scarce, but the numerous spring ponds and kasams, which have either been or are about to be cleared out, will in a measure relieve that want.
5. Prices continue pretty much the same as at the time of my last report. I enclose the lists for the past three weeks.
