*Proceedings of the Madras Government, Revenue Department,
10th May 1869.*

No. 220. Read the following letter from the Officiating Inam Commissioner, to the Acting Secretary to Government, Revenue Department, Fort Saint George, dated Madras, 22nd April 1869, No. 24 :—

I HAVE the honor to solicit the sanction of Government for refunding to the holders* of the Inam Village of Aiyavari-
varipalem, in the Madras District, the sum of Rupees 3,623-4-7, being the net

amount collected and carried to the credit of Government, while the village was under attachment. There is a further sum of Rupees 958-5-4 which has been collected during the attachment, but which being still in deposit, and not having been carried in the accounts to the credit of Government, I shall myself request the Collector to refund.

2. In 1833, when the village belonged to the North Arcot District, it was placed under attachment by order of the Collector, on no other ground than the request of a widow belonging to the family of the Inamdars, in consequence of certain disputes between her and other members of the family. The disputes were afterwards settled, but the village continued under attachment up to the date of the Inam Settlement, when the heirship of the parties, mentioned in paragraph 1, having been proved, I ordered the village to be restored to them, and issued a Title-deed in their names. The Inamdars now claim a refund of the net collections made during the period of attachment to which I consider them entitled.

3. According to the account furnished by the Collector of the Madras District, which he obtained through the Tahsildar, the amount of the collections during the whole period of attachment comes to Rupees 3,914-1-2, while, according to the North Arcot Collector's account of the collections made during the period that the village was attached to his district, *plus* the collections made since, it comes to Rupees 3,760-0-1. There is thus a difference of Rupees 154-1-1 which cannot be accounted for. The Inamdars are unable to say which account is correct, and I have adopted that of the North Arcot Collector.

4. While the village was under attachment repairs were made to the tank of the village to the extent of Rupees 136-11-6. The Collector is unable to say whether these repairs were executed from the Government funds, or from the proceeds of the village, carrying the net amount alone to the credit of Government. He believes, however, that the expenditure was made from the funds of Government. I have, therefore, deducted this amount from the collections, and the sum of Rupees 3,623-4-7, which I propose to refund, is exclusive of it.

5. The Collector proposes to charge Rupees 73 to the Inamdars, on account of the Government having managed the village for such a length of time; but this charge does not appear to me to be fair, since no special establishment was entertained by the Collector for the management of the village; all business connected with the village having been carried on by the ordinary Talook Establishment. Moreover, I consider that the village should not have been taken under Government management at all.
