Nos. 602-603.

Lieutenant Walker of the Forest Department.—His request that the warning conveyed in G. O, with reference to his action in regard to the Coleroon valley Forests may be withdrawn, declined.

he decided at his own risk and peril.
The Lepper (contractor as he is erroneously designated throughout) has taken advantage of the undertakings of this wording of the Takeets and has quite enough claimed damages which we have the Collectors opinion, that Lieut.t Walker could not lawfully have had not been incurred. — The Collector therefore, rather than run the risk of ruining the Lepper Conservatory cast for the larger sum which the Lepper would double if he found hope in accounts to substantiate, consented to withdraw.
With these facts on record, seeing that Lieut.t Walker is now on a distant more citizen than Salem, & that he must there, as in Salem, continue to sign Takeets and other papers in Samuel, claim protection of ask Takeets, understand, that it that the so called "censure" was a kind of warning that he is become hazarded in his future official acts.
Sworn to before me this 10 June 1869 "that the Govt. receive reason "whatever for modifying the terms of this "warning conveyed to Lieut.t Walker in "the concluding para of this proceeding "to which Mal Officers letter has reference"
