Proceedings of the Madras Government, Judicial Department, 9th June 1869.

No. 45. Read the following letter from the Magistrate of the Madras District, to the Subsidiary Jail Committee; dated Saidapet, 22nd May 1869, No. 96.

With reference to paragraph 5 of your letter of the 2nd October last, No. 196, I have the honour to forward copy of a letter from the Acting Joint Magistrate, from which you will perceive that, in spite of the hospital shed having been completed, it can be taken to pieces and re-erected in a more convenient place. It cannot, however, be built on the land alluded to in your letter, as that land is found to belong to a private individual, and is not available.

2. I have asked the Superintending Engineer to estimate the cost of the alterations and additions detailed by Mr. Crole, and, on receipt of the estimate, I shall address the Board for the necessary sanction.

From the Acting Joint Magistrate of the Madras District, to the Magistrate of the Madras District; dated Chingleput, 24th March 1869, No. 20.

With reference to the correspondence marginally noted, I have the honour to inform you that, in accordance with the request of the late Acting Magistrate, I have inspected the Cutcherry and Subsidiary Jail buildings at Streepermatoor.

Letter from the Subsidiary Jail Committee, No. 196, dated 2nd October 1868.
Your docket thereon, No. 333, dated 5th October 1868.

2. The hospital, latrine, and cook-room are all huddled together within a few yards of each other and of the sub-jail and cutcherry.

3. The only means of remedying this defect appears to be to take the buildings in question to pieces and re-erect them in convenient places. I gather that, as no long time has elapsed since their completion, this would not be difficult.

4. The jail and cutcherry are at present surrounded by private houses and backyards; but the Deputy Tahsildar has arranged with the owners that the ground thus occupied be given up on condition of Rupees 50 being paid as compensation and of fresh sites being allotted to them. This can easily be done.

5. The enclosed plan shows the ground which it is proposed to appropriate as a compound for the jail and cutcherry. It is bounded on three sides by roads, and measures 135 × 235 feet, or cawnies 0-8-13. If the scheme is adopted, steps should be taken to surround the ground with a wall.

6. I may observe that the land alluded to by the Subsidiary Jail Committee in paragraph 4 of their letter under date the 2nd October 1868 is not available. It belongs to a Chetty of the town.

7. As regards the cutcherry, I find that it would be inconvenient to locate the Police elsewhere. The present building is not large, but may be made to serve the double purpose of a Deputy Tahsildar and Sub-Magistrate's Cutcherry and a Police station by partitioning it off with boards (to economize space) at the point marked with red pencil, leaving two doors as indicated by me. The southern portion would thus serve as a cutcherry, and the northern as a Police station-house.

Two plans and an urzi with its enclosures.

8. Enclosures (to be returned) accompany this letter.

No. 46. ORDER THEREON, 9th June 1869, No. 952.

Under the circumstances represented in the foregoing papers, His Excellency the Governor in Council authorizes the removal of the hospital shed built in connexion with the Subsidiary Jail at Streepermatoor, and its erection on a more suitable and convenient site.

Proceedings of the Madras Government, Judicial Department, 9th June 1869.

2. His Excellency in Council notices with dissatisfaction the unexplained delay of upwards of seven months which has taken place on the part of the Collector of Madras in replying to the letter to his address from the Committee on Subsidiary Jails, dated 2nd October 1868.

Dated 22nd May 1869.
