*Proceedings of the Madras Government, Revenue Department,  
16th August 1869.*

No. 237. Read the following Proceedings of the Board of Revenue, dated 28th July 1869, No. 5,520 :—

Read the following letter from the Collector of the Godavery District, to the Acting Secretary to the Board of Revenue, dated Cocanada, 26th June 1869, No. 154.

With reference to the Board's Proceedings, dated 10th instant, No. 4,186, requesting to be informed what portion of the cost of masonry works for the construction of the road from Peravali to Vizeswaram is finally chargeable to Imperial Funds, I have the honour to state that the Superintending Engineer informs me that the amount to be met from Imperial Funds on account of bridges, etc., to be constructed on the above road across

| Girder Bridge over head of bank canal         | 2,820   | 3,005,* which is half the cost as stated |
|                                               |         | 3,005 by the Executive Engineer.         |

2. Captain Fisher further states that he observes from the remarks made by Captain Ryves in the plan for the Iron Girder Bridge, that under the impression that the canal which is to be crossed by an Iron Girder Bridge (cost Rupees 5,640) had been in existence many years prior to the British Government assuming charge of the irrigation of the division, and that therefore he proposed to charge the whole cost of the bridge to the District Road Fund. But this statement now appears to be erroneous, and the Imperial Funds will have to bear half the cost, and accordingly this is one of the items which makes up the amount, namely, Rupees 3,005.

SUBMITTED to Government, with reference to Government Order, dated 5th June 1869, No. 1,594.

2. If the contribution from Imperial Funds cannot be provided this year, the Board request that Government will direct that it shall be included in the next Budget. They will then endeavour to provide the amount as a loan from the District Road Fund.

No. 238. ORDER THEREON, 16th August 1869, No. 2,347.
