Letter from E. G. R. FANE, Esq., Collector of the Madras district, to the Acting Secretary to the Board of Revenue, dated Sydapet, 10th May 1869, No. 140.

I HAVE the honour to forward, herewith, the statement called for in the Board's Proceedings of the 24th March last, regarding the aggregate amount of expenditure incurred on Famine Works up to the 31st March last, during the years 1866-67, 1867-68, and 1868-69.

2. The Board will perceive that a sum of Rupees 55,279 was expended upon Irrigation works, and that a further sum of Rupees 26,544 only is required to make them all complete.

3. The amount expended on ponds and wells was Rupees 12,818, a further allotment of Rupees 2,174 is required to complete them also, making a total under both heads of Rupees 28,718.

4. The total expenditure upon roads, estimated at Rupees 4,83,195, was Rupees 97,229, and Rupees 3,27,851 are still required to make them complete.

5. The amount required to complete the Irrigation works and the ponds, we shall, I trust, be able to allot either this year or next year from the ordinary Public Works Budget.

6. The sum required to complete the roads being large, it will take, I fear, some years to find, as the roads are all, with the exception of two or three salt ones, local lines, to be provided for from Local Funds which in this district are out of all proportion to the requirements.

MADRAS.
15th July 1869.(Signed) J. R. ARBUTHNOTT,
Officiating Collector.

From J. R. ARBUTHNOTT, Esq., Officiating Collector of Madura, to the Acting Secretary to the Board of Revenue, dated 20th July 1869, No. 246.

With reference to the Proceedings of the Board of Revenue, dated 17th July 1869, noticing the delay that has taken place in submitting an account of the outlay on famine works in this district for 1866-67, to 1868-69, I have the honor to state that the first communication received on the subject, only reached me on the 28th May, when on circuit. I then gave orders for the collection and compilation of the required information.

2. This process necessarily took some time, as accounts had to be obtained both from the Public Works and Revenue Departments. The required Return was despatched from this Office on the 15th of July. In conclusion, I have the honor to request the Board, with reference to their Proceedings under reply, to submit this explanation for the information of Government.

From A. WEDDERBURN, Esq., Collector of Coimbatore, to the Acting Secretary to the Board of Revenue, dated 8th June 1869, No. 117.

With reference to the Board's Proceedings of the 5th May 1869, No. 3,066, which reached this Office on the 25th idem, I have the honor to forward a Statement in the prescribed form, showing the expenditure incurred from Special Funds on Famine Relief Works in this district, during the official years 1866-67, 1867-68, and 1868-69.

Enclosure No. 1.
Statement showing the expenditure incurred from Special Funds, during the official years 1866-67, 1867-68, and 1868-69, in the District of Coimbatore.
Allotment for 1866-67, Government Order, dated 25th July and 13th August 1866, Nos. 1,861 and 2,057.—These orders gave general authority to the Collector, and no sum was specified.

The sum of Rupees 28,145, is the total expenditure actually incurred on Relief works in the years 1866-67 and 1868-69. Of this sum Rupees 478 is the private contribution and the balance Rupees 27,667 is the sum drawn out of Rupees 50,000 and 30,000 allotted for this district for the years above alluded to. The Divisional Officers under whose supervision these works were carried out, state that all the works have been completed, and have refunded the un- expended balance which were in their hands on the 31st March 1869. Consequently no provision has been made in this Statement either to complete any of these works or to admit of discontinuance without loss. A sum of Rupees 14-10-9, the defalcations appertaining to the Famine Fund has been ordered by the Board, in their Proceedings, dated 14th April 1869, No. 2,535, to be written off; and the Accountant General has been applied to, for his orders, as to the adjustment of the above sum in the accounts.

From E. C. G. THOMAS, Esq., Acting Collector of Malabar, to the Acting Secretary to the Board of Revenue, dated Calicut, 2nd June 1869, No. 143.

With reference to the Board's Proceedings of the 24th March and 5th May 1869, Nos. 2,018 and 3,068, I have the honor to state that sanction to the extent of Rupees 6,000, was accorded in Government Order, dated 7th August 1866, No. 1,931, for Relief works in this town, and of Rupees 3,000, in Government Order, dated 21st August 1866, No. 2,153, for those in Cochin. Of the former, Rupees 3,000 were re-payable to Government, and the Government grant, there- fore, for Calicut Relief works should be taken only at Rupees 3,000. Of the latter, Rupees 1,000 only were debited in our Treasury Accounts, the remaining Rupees 2,000 appears to have been accounted for by the Public Works Department, direct to the Controller.

2. In the Statement furnished to the Board by the Accountant General, only Rupees 4,000 is shown against this district, as expenditure incurred on account of Famine Relief works.

Vide his letter recorded in Board's Proceedings, dated 6th May 1869, No. 3,066.

He has probably taken into account only the 3,000 Rupees given to the Calicut Municipality as above pointed out, and the 1,000 Rupees debited in this District Accounts, on account of works in Cochin.

3. The amount for Calicut has been expended on the Canal near the Big bazaar in the heart of the town, and that for Cochin on certain roads and bridges within that town. An account of the expenditure is submitted in the form prescribed.

4. It will be seen that the entire amounts of the estimates in both cases have been expended, and no further amounts required in this district, as contemplated in paragraph 5 of the Board's Proceedings of the 5th ultimo, above quoted.

From E. C. G. THOMAS, Esq., Acting Collector of Malabar, to the Acting Secretary to the Board of Revenue, dated Calicut, 2nd June 1869, No. 143.

With reference to the Board's Proceedings of the 24th March and 5th May 1869, Nos. 2,019 and 3,068, I have the honor to state that sanction to the extent of Rupees 6,000, was accorded in Government Order, dated 7th August 1866, No. 1,931, for Relief works in this town, and of Rupees 3,000, in Government Order, dated 21st August 1863, No. 2,153, for those in Cochin. Of the former, Rupees 3,000 were re-payable to Government, and the Government grant, therefore, for Calicut Relief works should be taken only at Rupees 3,000. Of the latter, Rupees 1,000 only were debited in our Treasury Accounts, the remaining Rupees 2,000 appears to have been accounted for by the Public Works Department, direct to the Controller.

2. In the Statement furnished to the Board by the Accountant General, only Rupees 4,000 is shown against this district, as expenditure incurred on account of Famine Relief works. Vide his letter recorded in Board's Proceedings, dated 8th May 1869, No. 3,066.

He has probably taken into account only the 3,000 Rupees given to the Calicut Municipality as above pointed out, and the 1,000 Rupees debited in this District Accounts, on account of works in Cochin.

3. The amount for Calicut has been expended on the Canal near the Big bazaar in the heart of the town, and that for Cochin on certain roads and bridges within that town. An account of the expenditure is submitted in the form prescribed.

4. It will be seen that the entire amounts of the estimates in both cases have been expended, and no further amounts required in this district, as contemplated in paragraph 5 of the Board's Proceedings of the 5th ultimo, above quoted.

CALICUT,

(Signed) E. C. G. THOMAS,
Acting Collector.

ORDERED that the detailed Statements of works executed from Famine Funds, received with the foregoing letters, be submitted to Government, with reference to their Proceedings, dated 1st and 22nd May 1869, Nos. 1,200 and 1,449, respectively.

2. The accompanying Statements marked A and B, were prepared in this Office from the Statements received from the Collectors; the former exhibiting in one view the expenditure incurred

1866-67.
1867-68.
1868-69.

in the three years noted in the margin, classified under the several heads of Communications, Irrigation works, Wells and Ponds, and

Miscellaneous, and the latter, showing the expenditure in 1868-69, in the details required by the Government of India, in their letter, dated 26th April 1869, No. 316A, communicated in the Proceedings of Government, Revenue Department, dated 22nd May 1869, No 1,449.

3. The total expenditure in the three years, amounted to Rupees 12,83,188, as exhibited in the subjoined Abstract:—

	1866-67.	1867-68.	1868-69.	Total.
	RS.	RS.	RS.	RS.
Communications	4,13,803	1,15,964	3,24,036	8,53,803

Wells and Pond	17,236	19,829	47,279	84,344
Miscellaneous	64,755	24,008	7,546	96,309
Total	5,83,936	1,90,029	5,09,223	12,83,188

4. The allotments sanctioned for the several districts amount to Rupees 11,05,372, besides the discretionary authority conveyed to Collectors to meet emergent demands. These allotments, with the orders sanctioning them, are entered in Statement A, for convenient reference. In many cases the works were undertaken by the Collectors without any estimates for them having been previously sanctioned, as no time could be lost, and the works had to be commenced at once to find employment for the destitute; and in all such cases, the actual expenditure has been shown in the column "Amount of Estimate."

5. The total expenditure in the years 1866-67 and 1867-68, as entered in this Statement, will be found to differ from the Statement furnished by the Controller of Public Works Accounts to Government, under date 1st June 1869, and this is mainly owing to only a portion of the expenditure on Famine Relief Works, namely, that incurred by the Officers of the Revenue Department having been exhibited in the Controller's Statement; whereas, in their Statement now submitted, the entire expenditure both by the Revenue and Public Works Department, is shown.

6. In the detailed Statement B, the particular works on which expenditure was incurred in 1868-69, are given with reference to the orders of Government, dated 22nd May 1869. Numerous works, consisting principally of wells and ponds for drinking purposes, were executed for small sums, and the exhibition of each of these petty works in the Statement would make it a very bulky document. The Board have, therefore, shown the cost of such works in a lump, as works costing less than Rupees 250 each.

7. The amount estimated by the Collectors, as required to complete the works already commenced, is Rupees 6,62,441, and the sum required to admit of discontinuing them without loss is Rupees 27,000. The Government are aware that applications for funds to complete some of these works have been rejected by them, on the ground that the necessity for affording employment to the able-bodied poor has long since passed away, and they have directed that all further expenditure on these incomplete works should be incurred from the District Road Fund; undesirable as it is to leave these works in their present incomplete state, it appears that neither Imperial nor Local Funds can be spared to finish them at present. The Board hope, however, in a few years to provide the requisite amounts from Local Funds, and in the meantime, efforts will be made to provide for such

expenditure as will prevent the results of money already spent from being lost. Considering this prospective demand on the fund, and the heavy and increasing maintenance allowances which have to be annually provided for, the Board are convinced that no portion of the expenditure already incurred from Famine Funds can be borne by the District Road Fund. The Government are aware that nearly the whole of the available funds under the District Road Fund have been already allotted for expenditure in the current year, and if, as the Government of India wish, any portion of the expenditure is to be debited to the District Road Fund, several of the works now in progress will have to be abandoned. For these reasons, the Board have thought it unnecessary to indicate in Statement B, the portion of the expenditure which should be debited to the District Road Fund.
