Read the following Proceedings of the Madras Government, dated 23rd July 1869, No. 2,156, Revenue Department.

ABSTRACT.—*Repairs to minor irrigation works.*—Board of Revenue to report on the suggestion to entrust their supervision to the Local Fund Overseers.

THE Board are of opinion that Local Fund Overseers may be made available to some extent in inspecting minor irrigation works, but that the Collector and not the Superintending Engineer should decide what works are to be thus inspected.

2. It is of course out of the question that the attention of Overseers paid from the District Road Fund should be distracted from their proper duties for imperial purposes, and the works must be so selected that the Overseers will not be taken away from the roads on which they are engaged.

3. The Board are not of opinion that so limited a command of the services of the Local Fund Establishment will cause any important saving in that of the Public Works Department. If it does, the saving should be credited to Local Funds.

4. Pending the report of the Public Works Commission, and the final orders with regard to the transfer of minor irrigation works to the Revenue Department, it will perhaps be better to let this question remain in abeyance.

No. 344. ORDER THEREON, 23rd August 1869, No. 2,400.
