Proceedings of the Madras Government, Revenue Department,
24th August 1869.

No. 364. Read the following Proceedings of the Board of Revenue, dated 30th July 1869, No. 5,575:—

Read the following letter from R. J. MELVILLE, Esq., Acting Collector of Nellore, to the Acting Secretary to the Board of Revenue, dated 17th June 1869, No. 1,193.

I HAVE the honour to acknowledge the receipt of the Board's Proceedings, dated 11th June 1869, communicating Government order, No. 1,617, of the 8th idem, in regard to the changes of the head-quarters of the Sub, Head-Assistant, and Deputy Collectors in this district.

2. With his letter, dated 5th January 1869, No. 730, the Assistant-Engineer, Major Clay, submitted a plan for the Head-Assistant-Collector's office, then proposed to be built at Gudur, and requested the opinion of Mr. Dykes as to the sufficiency of the accommodation provided. In paragraph 1 of his letter recorded in the Government order referred to, Mr. Dykes referred to this plan as enclosed therein.

3. Under the orders of Government now received, a new Cutcherry will have to be built for the Head-Assistant-Collector at Naidupet, in place of the building hitherto used as an office by the Deputy-Collector. The Subsidiary Jail Committee described the latter as incommodious and in a ruined condition—(Vide letter recorded in Government order, dated 3rd July 1868, No. 1,059). I request therefore early orders on the plan referred to. In the meanwhile I am writing to the Deputy-Collector to report on an eligible site at Naidupet.

4. In paragraph 6 of the Government order under reference, Government call for a definite report as to the necessity of providing further accommodation for the Deputy-Collector's office at Atmakur. In paragraph 9 of his letter referred to, Mr. Dykes thought that room could be found for the Deputy-Collector and Magistrate in the new Talook Cutcherry by providing an additional building for his Court. The reason assigned for not giving him a building altogether apart is, that it may hereafter be found necessary to station the Deputy-Collector elsewhere.

5. At the request of the Superintending Engineer, the western range officer submitted a plan for the Deputy-Magistrate's Cutcherry at Inukonda, and requested to be informed whether there was any standard plan in existence. The question being referred to the Board for orders, they have, in their Proceedings, No. 2,441, dated 10th April 1869, ordered it to lie over pending the orders of Government on the proposed changes of head-quarters.

6. As a building must be provided for the office of the Deputy-Collector and Magistrate at Atmakur, I think it would be better to build one wholly distinct from the Talook Cutcherry.

7. Before obtaining estimates for the buildings to be newly erected, I request to be informed whether there are any standard plans for such buildings.

RESOLVED that the foregoing letter be submitted for the information of Government, with reference to their order of 8th June 1869, No. 1,617.

2. The Collector, in paragraph 3 of his letter, points out that a new Cutcherry will have to be built at Naidupet for the Head-Assistant-Collector. The Board recommend that it be built on a plan similar to that which may be eventually determined on for Arconum and Gooty.*

* Vide Government orders, dated 13th January 1869, No. 85, and 19th June 1869, No. 1,744.

Proceedings of the Madras Government, Revenue Department.,
24th August 1869.

3. The Board agree with the Collector in considering that the Deputy-Collector's office at Atmakur should be entirely distinct from the Talook Cutcherry.

4. With reference to Mr. Melville's inquiry in the last paragraph of his letter, regarding the existence of standard plans for buildings of the kind proposed, the Board believe that the only plan sanctioned hitherto is that of the Deputy-Collector's office in Wynaad. The climate and other peculiarities of that talook would probably render a plan specially designed for it unsuitable for general adoption.

5. The Government Architect will be requested to inform the Board whether they are correct.

No. 365.

ORDER THEREON, 24th August 1869, No. 2,410.

No 5,575.

Cutcherry—to be built at Naidupet in Nel-
lore District for Head Assistant Collector.—
Recommendation to Government that a plan
similar to that which may be determined on
for Arcotum and Gooty should be adopted for,
and that Deputy Collector's Office at Atmakur
should be entirely distinct from Talook Cutch-
erry.—Government Architect requested to state
whether plan of Wynad Deputy Collector's
Office is not the only sanctioned plan for such
buildings.

WML

Vide Pro: dated 31st May
1869. No. 1525.

The plan for
the Head Assistant
Collector's Cutchery at
Arcotum has not yet
been finally determined.
As soon as this is done,
orders will be issued
from the Public Works
Department for the
preparation of an esti-
= mate for the erection
of a similar building
at

at Hardupst.
