*Proceedings of the Madras Government, Revenue Department,
25th August 1869.*

No. 372. Read the following letter from the Commissioner of the Neilgherry Hills, to the Chief Secretary to Government, Madras, dated Ootacamund, 30th July 1869, No. 42t—

About the middle of June I received the enclosed letter from the Honorary Secretary to the Coonoor Branch of the Neilgherry Agri-Horticultural Society, but delayed sending in their application in hopes of receiving the survey sketch of the ground alluded to in the last paragraph of the Honorary Secretary's letter. The sketch has not yet reached me. I will forward it when I get it.

2. The Branch Society apply for a grant of the sholah below the Coonoor Church, and for a donation of Rupees 2,000, with a view to form a Botanical Garden. In support of their application they urge that they have secured a fair number of subscribers, and that the sholah, which they wish to convert into a garden, is situated in the heart of the town, and is little better than a public nuisance in its present condition.

3. Should the Government accede to their request, they further pray for a monthly allowance of Rupees 100, which, with their own subscriptions, will enable them to maintain the garden in good order, and to render it of practical value to the planting interests on these hills.

4. I have much pleasure in supporting their application, because the climate of Coonoor is so much milder than that of Ootacamund, as to render it desirable to have an experimental garden at both places. Indeed, the desirability would seem to have been already recognised by Government, since a branch garden, under the Superintendent of the Ootacamund Botanical Gardens, was long ago established in the vicinity of Coonoor, but at an inconvenient distance from the town, on which account, and from want of funds, it is now little better than a wilderness.

No. 373. ORDER THEREON, 25th August 1869, No. 2,414.

Miscellaneous.

In his letter, dated 30th July 1869, No. 42, the Commissioner of the Neilgherry Hills submits a letter from the Honorary Secretary to the Coonoor Branch of the Neilgherry Agri-Horticultural Society, in which application is made to Government for the grant of a piece of sholah land in Coonoor, with the view of converting it into a public garden. A donation of Rupees 2,000 for the purpose of clearing the site and laying out the garden, as well as a monthly allowance of Rupees 100 for maintaining the same, are further requested.

2. It appears from Major Hodgson's letter, that the Society has up to this time collected Rupees 344, and that yearly subscriptions, aggregating only Rupees 12, are promised.

3. Under these circumstances the Government do not feel justified in supplementing the funds of the Society in the manner and to the extent proposed.

4. The present condition of the Institution does not afford a sufficient guarantee of stability to justify a grant-in-aid; but the Government will receive favourably an application for assistance when the Commissioner is able to report

*Proceedings of the Madras Government, Revenue Department,

that there is a fair prospect of a sufficient income being secured by the Agri-Horticultural Society at Coonoor. The Government would then give an amount equal to the donations and subscriptions which the Society may have received.

5. Should the Society be still desirous of obtaining the piece of land indicated in their letter, they are requested to address the Government on the subject through the Commissioner.

6. The Government suggest that, if the Municipality is in a position to afford aid in clearing the sholah, application might be made to them on the sanitary grounds which are urged in paragraph 2 of Major Hodgson's letter.

I don't consider myself justified
in acceding to this request. The
people of Moor ask for a grant
of Rs. 2000. and for a monthly
contribution of Rs. 1000 for the
purpose of being out & maintaining
an agricultural garden -
in effect a pleasure ground,
in the heart of their town
and they only show subscriptions
to the amount of Rs. 344 -
which I do not understand

6/4/11
to be made by an annual
but only donations. -
would fall upon Mr. Bueh for
a more detailed explanation
the contributions received & of
the permanent subscriptions that
might be hoped for. The Govt.
are here practically invited
to make & maintain the
garden with almost no
cooperation on the part of those
who are to benefit by it. I

is made to Govt for the grant of a piece of Shola land in Cronorr, with the view of converting it into a public garden. A donation of Rs. 2000 for the purpose of clearing the site and laying out the garden, as well as a monthly allowance of Rs. 100 for maintaining the same are further requested.

2. It appears from Major Hodgson's letter that the Society has up to this time collected Rs. 344 and that yearly subscriptions aggregating only Rs. 12 are promised.

3. Under these circumstances the Govt do not feel justified in supplementing the funds of

4/ of the Society in the manner and to the extent proposed.

The present condition of the institution, does not afford a sufficient guarantee of stability to justify a grant-in-aid, but they ^{Govt} will receive favourably an application for assistance when the Commissioner is able to report that there is a fair prospect of a sufficient income being secured ~~from the~~ ^{by the} off an Agri. Horticultural Society at Cronorr. The Govt would then give an amount equal to the donations & subscriptions of which the Society may have received.

5. Should the Society be still desirous of

if obtaining the piece of
land indicated in their
letter, they are requested
to address the Govt on
the subject through the
Commissioner.

The Govt suggest
that, if the Municipality

aid in clearing the

might be made to them
on the sanitary grounds
which are urged in
para 2 of Major
Hodges' letter.
