Proceedings of the Madras Government, Revenue Department, 26th August 1869.

No. 388. Read the following letter from the Director of Revenue Settlement, to the Acting Secretary to Government, Revenue Department, Fort Saint George, dated Madras, 21st August 1869, No. 1,166-28 :—

Referring to Government order, dated 18th instant, No. 2,360, drawing my attention to paragraph 2 of the letter from the Deputy-Superintendent of Revenue Survey, dated 20th May 1869, No. 431, printed in G. O., 13th July 1869, No. 2,025, from which it would appear that the sketches furnished by the Settlement Department, showed that demarcation *stones* should have been forthcoming, I have the honour to state that the demarcation sketches furnished by this department to the survey, do not afford any information as to the material of which the field-marks are made. I submit herewith a specimen-sketch. It indicates that at every angle of a field, and wherever two lines cross each other, a field-mark has been erected, but it does not distinguish between those of earth and stone. The latter material being now almost universally adopted for field-demarcation, it seems probable that Major Hessey used, not unnaturally, the word "stones" instead of "marks" in the passage of his letter referred to by Government.

No. 389. Order thereon, 26th August 1869, No. 2,422.

Land Revenue.

Ordered to be recorded.

(True Extract.)

(Signed) H. WELLESLEY,
Acting Under-Secretary to Government.

To the Director of Revenue Settlement.
,, the Superintendent of Revenue Survey.

From,

R. E. Master Esqr
Officiating Dir. of Revenue Settlements

To

R. A. Dalyell Esqr
Offg: Secretary to Government
Revenue Department.

Sir,

Referring to Government Order
dated 18th instant № 2360, drawing my attention
to para 2 of the letter from the Deputy Superin-
tendent of Revenue Survey, dated 20th May 1869,
№ 131, printed in G.O. 13th July 1869 № 2025, —
from which it would appear that the Sketches
furnished by the Settlement Department, showed
that demarcation stones, should have been parti-
cularly shown, I have the honor to state that the demar-
cation Sketches furnished by this Department
to the Survey do not afford any information
as to the materials of which the field marks
are made. I enclose herewith a specimen of
Sketch. It indicates that at every angle of a
field

field and wherever two lines cross each other, a field mark has been erected, but it does not distinguish between those of earth and stone. The latter material being now almost universally adopted for field demarcation, it seems probable that Major Hosey used, not unnaturally, the word "stones" instead of "marks" in the passage of his letter referred to by Government.

I have the honor to be,

Sir,

Your most obedient Servant,

[illegible]

Director of Revenue Settlements
