MADRAS RECORD OFFICE.

Government of Madras.

Revenue DEPARTMENT.

G.O. No. 2462 Press Mis.

Dated 1st December 1882

Not to be folded or roughly handled

No. 5. Read the following Endorsement of the Deputy-Inspector-General, Presidency, for the Inspector-General, Indian Medical Department, dated Fort Saint George, 27th August 1869, No. 329 :—

Read the following letter from the Apothecary in Medical Charge, Chetterpore, to the Deputy-Inspector-General, Indian Medical Department, Presidency and Northern Districts, dated Chetterpore, 10th August 1869, No. 84.

I BEG to report that the fever-cases in Ganjam during the past month have again shown an upward tendency; 149 cases having come under treatment while 124 was the figure for the month preceding. This excess is to be ascribed to the setting in of the monsoon after a long period of hot dry weather.

2. The present fevers are more or less of a catarrhal type, the result of exposure to wet.

3. A few cases of diarrhœa, too, have occurred, but no cholera, though the latter has broken out at Berhampore, thirteen miles north of us.

4. I am glad to add that the village of Rumbah, where I reported cholera was prevailing, is now entirely free from the disease.

Weekly Report of fever-cases among the civil population of Ganjam, from Monday the 2nd to Sunday the 8th August 1869.
