*Proceedings of the Madras Government, Public Works Department, 28th July 1869.*

No. 674. Read the following letter from the President of the Municipal Commission, Madras, to the Secretary to Government, Public Works Department, dated Madras, 5th July 1869, No. 930 :—

I HAVE the honour to bring to your notice that the Railway crossings at Connoor and Coratoor have been neglected for years, and are now so steep as not to be practicable for heavy traffic.

2. I requested the Agent and Manager of the Madras Railway Company to restore them, but he stated that the Company were not liable for their maintenance. On this the Superintending Engineer of the 4th Division was applied to, and he answered that he has no funds for the work.

3. The whole of the materials for the works of the Water Delivery Channel have to cross the Railway, and from the gradient at the crossings being very steep, great inconvenience is felt; I shall be glad, therefore, if you will kindly move Government to have these approaches put in proper order, the cost will probably not exceed 100 Rupees each.
