Said Revd Mat an old Pucka well be cleaned and the walls of it re-built, and a tank with stone steps to it and always holding good drinking water, be deepened and repaired. The former would cost about 100 Rupees and the latter 700 Rupees and I therefore beg that the amount may be sanctioned from the budget allowed for the Jails of the Presidency for this year.

Sir,

I lately visited Trivellore and held my Office in the new Taluk Katcherry there.

2 All the arrangements both those made and those in contemplation seemed very good but I have the honor to suggest by way of still further perfecting the place and especially with regard to the Subsidiary Jail
