*Proceedings of the Madras Government, Revenue Department,
4th October 1869.*

No. 25. Read the following Proceedings of the Board of Revenue, dated 13th September 1869, No. 6,865:—

Read the following letter from the Officiating Collector of the Kistna District, to the Acting Secretary to the Board of Revenue, dated Masulipatam, 21st August 1869, No. 255.

IN Government order, dated 14th April 1869, No. 1,012, communicated in Board's Proceedings, dated 20th April 1869, No. 2,668, Government sanctioned an estimate, amounting to Rupee '2,000, for the erection of a Salt Cutcherry on the Kotamparra platform of the Pandraka station.

2. The present Cutcherry is at Buntumilly, about two or three miles from the platform, and this estimate made provision for taking down the present building and using the old roof and materials in the construction of the new one. It was pointed out to me by the Superintendent of Police that if this course be adopted, it will be necessary to build a new Police Station at Buntumilly, as the Police are at present accommodated in the Salt Cutcherry. It appeared to me objectionable, under these circumstances, to pull down a good building when it would be necessary to construct a new one in its place, especially as there must necessarily be much loss in transporting and adapting the old materials to the new Salt Cutcherry also.

3. I therefore requested the Superintending Engineer, if he agreed with me, to have an amended estimate prepared for the new Salt Cutcherry on the Kotamparra platform, to be built with entirely new materials. The result is the present plan and estimate for Rupees 4,050, which I beg to submit for sanction. The plan is the same as that of the existing Cutcherry, with the addition of a Police Inspector's room which was made at the request of the Salt-Deputy-Collector.

4. The Superintending Engineer explains that the increase of Rupees 2,050 over the original estimate sanctioned, is caused by the provision of new roof, plastering, flooring, doors, and windows which are not provided for in the original estimate.

5. If this estimate is sanctioned, I would request sanction of Government, as soon as the new building is completed, to hand over the old Salt Cutcherry at Buntumilly to the Police Department for the purpose of a station. The plan of the building is the same as that of the new Cutcherry proposed.

ENCLOSURE No. 1.—Plan.

ENCLOSURE No. 2.—Estimate.

THE plan will be submitted for the sanction of Government, with reference to Government order, 14th April 1869, No. 1,012, and they will be requested to authorise the transfer of the old Salt Cutcherry at Buntumilly to the Police Department, when the new building is finished.

2. The estimate should have been countersigned by the Collector.
